A GREAT EXPOSITION

New England's great Educational and Industrial Exposition opened Monday at Mechanics Building, Boston, with a record breaking attendance. No exposition held in New England has ever attracted such widespread attention and interest as this one, and no other ever promised so much, and so fully fulfilled its promise to interest old and young, and arrouse enthusiasm in every day work and occupations, and their possibilities.

This is due to the character and variety of the exhibits and the opportunity opened to the public to see the numberless processes and manufacturing methods which are part of our modern industrial world.

No one can go there without realizing England can visit the Mechanics Building once, without wanting to go again. No one can go there without realizing how much this Exposition will mean to New England's Industries and enterprizes, and everyone who visits there, will come away with a clear idea of New England's imortance in the commercial and industrial world.

Every commodity of every day life is to be seen at this exposition people with widely different interests meet there on a common ground to study and compare and benefit from the various displays. This was proven by the character and enthusiasm of the crowds that went from exhibit to exhibit. Evey deartment had its many visitors whose comments and expressions of appreciation showed that the success of this exposition is assured from the beginning.

No expositioi has ever been so comprehensive, covering and illustrating all the things of vital importance to the manufacturing and industrial progress of business interests. Here the making of finished goods from raw matriat is to be seen. Wool taken from a live shee and turned int a finished dress almost whle you wait. Here, also, in another department a finished shoe of highest quality is manufactured from the raw leather. Over in another section a rubber company make our every day rubber articles, every process open for inspection. The ivsitors next turn from these manufacturing metnods to beautiful dipslays of the trade exhibitors.

The Woman's department shows every thing that a woman could wish for, in its most attractive form. The woolen company shows finely finished, and many colored varieties of owolen ctloh and the results of the wrkers in the various occupations of every day life were all given the attention and intrest due them.

The success of the Educational department of the exposition has exceeded even the expectotions of the committee which had it in charge. Over twenty schools are represented, among them business schools, auto and aero, and the trade and industrial schools. This department takes a large space on the second floor. Near it is an art exhibition that would not be out of place in an Art Museum. This department justes of the Exposition.

tifies the faithful work had thoguht given to it by the deucational commit-

The Exposition as a whole is the broadest, most enjoyable and educationa movement that has ever been held in New England, and no one who is interested in New England's present or future progress can afford to miss it.

Chester I. Campbell the General Manager, has supplied a fitting setting for the various exhibits, and the music supplied in Grand Hall by the American Band, and in the Exhibition Hall by Edna Frances Simmons were excellen features in connection with a very wonderful exhibition of New England's various industries.

WINS CHAMPIONSHIP

The third and deciding game of baseball for the championship of the city between the Nonantum A. A. and the Newton Catholic Club was played on Saturday afternoon on the West Newton common before a crowd of fully four thousand persons, which lined the entire diamond and were thickly massed about the home plate. The game was delayed nearly an hour in starting as Manager Lyons of the Catholic Club objected to the presence of semi-professionals in the Nonantum nine and claimed that the line up of that team was not in accordance with the previous agreements. Mr. Lyons refused to order his team to play and the game was played without his sanction, and only to satisfy the large crowd which had gathered to see the sport. That Manager Lyons predictions were true was soon shown as the Catholic Club could not touch O'Brien the pitcher for the Nonantums and the second inning was a slaughter for Connelly the home twirler, eight runs being made, mostly on errors. The final score was 16 to 1 in favor of the Nonantum A. A.

At the opening of the eighth inning Alderman George M. Cox walked upon the field to the home plate with a small package in his hand, and the game was held up for a few minutes while he presented "Mike" Connolly with a gold filled Waltham watch on behalf of the club for his efficient work on the slab for the Catholic Club during the season. The inside case of the watch bore this inscription, "N. C. C. to M. T. C.Sept. 30th, 1911". A loud cheer went up from the bleachers and Connelly was loudly applauded.

POLICE NOTES.

Luigi Trainontozzi. 41, of 7 Quirk court, was fined $50 for larceny and $25 for carrying a concealed weapon in the police court Friday morning by Judge Kennedy. Trainontozzi was arrested the day previous by officer Groth on Dudley street, Newton Centre, on the charge of larceny of tools from Sergt. Burke, and officers Mills and Groth wth a search warrant seized a large quantity of goods at his boarding place, alleged to have been stolen by him. The tools consisted of shovels, picks, hammers, saws, planes, bits, shears, razors and other goods, which were found in a large bx in his house. The goods were valued at $100 by the police and the various firms for which he worked will visit the station to claim their goods.

BOARD OF ALDERMEN

The board of aldermen fell into its old time form Monday evening, by interruptin the regular session for over an hour to allow committees to meet and report.

President Jones was in the chair and Aldermen Chadbourne, Gray and Leonard were absent.

The usual formal hearings were held without remonstrance on petitions of the Edison Co. for conduits in Vernon st., for pole locations in Parkview ave., Rockledge road and Walker st., of the Telephone company for poles in Centre st., Floral st., of F. W. Rane, Chestnut St., Taft and Mitchell, express, Union st., Patterson Bros., Auburn st., and Charles B. Jackson, Park st. to keep gasolene and of the Lasell Seminary for underground conduit in Grove st, the gasolene and Lasell Seminary petitions being immediately granted.

The veto of Mayor Hatfield of the order granting the Edison Co. pole locations on Rockledge road was sustained 10 to 1, Alderman Avery voting alone in favor of the order. Mayor Hatfield's objections were based on the fact that the order placed the poles on the wrong side of the street.

Applications of D. J. Mahoney to erect a wooden building for business purposes, and petitions of W. J. Kocher for carriage and wagon licenses, of the Newton Y. M. C. A. for billiard, pool and bowling alley licenses, of W. H. Marston for 2 pool tables, and of T. D. Murphy for an auctioneer license were granted.

Other petitions received were from the B. & A. R. R. Co. for damages on account of sewer taking, Virginia Muller for street sprinkling on Boylston road, H. B. Williams to lay out Bigelow road, the Edison Co. for relocation on Grant ave, and for attachments on Newktonville ave., of the Telephone company for attachments on Commonwealth ave., Rowe st., Hollis st., Melrose st and Washington st. and of M. S. Perlmutter for an auctioneer license.

Petitions of E. H. Titcomb to give a public piano recital in Norumbega hall and of W. L. Wedger to test explosives on land of the city in Needham were also granted.

Hearings were ordered on Nov. 6. on petitions of the Newton Garage Co. to keep gasolene at 1 Brook st., and of Reamic Boudrot for gas engine on Fayon street.

On recommendations of committees George W. Dearhorn and William H. Allen were granted soldiers relief, $31,804.32 was granted for city expenses to Oct. 15, $200 transferred to Maintenance of Teams Health department, claim of Thomas Darcy settled for $48., sewers ordered in St. James st., Boylston st and Circuit ave., street sprinkling, authorized on Woodbine st., and Madison ave., water mains laid in Adella ave., Commonwealth ave., Rockledge road, Waldorf road and Trapelo road, and hearings assigned on Oct. 16 on taking land for sewers in Murray terrace, Salisbury road, Trapelo road, and for laying out of Bigelow road. Leave to withdraw was granted on petitions for sewer in Boylston st., of the Edison Co for poles on Bennington st and to F. Negrotti to open store on Sunday. The liquor transportation permit of Domenico Guzzi was ordered revoked and a similar permit granted to Sumon Morrell.

It was also voted to approve the application of Benjamin Gilfix and others for incorporation as a Jewish church.

Orders were also adopted calling the city election on Dec. 12, and establishing the polling places for the city election and city primaries.

An order was referred asking the state to lay out the south roadway of Commonwealth avenue as a state highway.

Mayor Hatfield sent in a message requesting no further action on his previous recommendation as to the consolidation of the offices of Public Buildings Commissioner and the City Engineer, also submitting the nomination of Walter R. Forbush as Public Buildings Commissioner, and also filing his appointments of Christopher M. Goddard, James D. Colt, Willard S. Higgins, Lewis H. Bacon and William P. Gannon as a commission to revise the building ordinances of the city.

There was some discussion on the method of considering the budget of 1912 when presented, and it was finally voted that the recommendations of the Mayor, should first be considered by the Finance committee, which was to report to the committee of the whole board by Nov. 15th.

The board adjourned at 10.25.

FENDER EXHIBITION

How a man should be knocked down if he stands in the middle of the track when a street car comes along is to be shown in Newton on Oct. 10, at 10 o'clock. It will be a free show. George W. Bishop of the Railroad Commission is to be the stage manager. No real heroes have volunteered for the part of being knocked down, but a dozen dummies have been made to take their places and will give to the show every appearance of tragedy.

Electric cars will come speeding out of the Homer-street car barn, near the junction of Commonwealth avenue and Walnut street, and the dummies will get in their way, in seemingly hopeless positions, to be struck down as would any human being chancing to be in a similar position. They will drop in front of the cars suddenly, they will lie on the track in various positions and they will stand erect when the cars hit them.

How long this performance will last will depend upon the prevalence of inventive genius, for every plausible device offered to save the dummies from being torn to pieces or to save them from death-dealing blows, will be tried and their efficiency studied.

The things that are to be put to atest are fenders and wheel guards which are highly important parts of a street-car equipment in crowded cities where people sometimes expose themselves to the same handling that the dummies will get at the Newton exhibition. Fenders are wanted that will pick up the dummies tenderly and place them in a comfortable feather-bed seat where no harm can come to them, making it a source of amusement to drop in front of electric cars, and if somebody has fallen asleep on the tracks the fenders should take them up without disturbing their slumber and carry them safely to their destination.

As not many of that kind of fender have been entered for the exhibition the public will have its attention invited to the extent of the injuries inflicted upon the dummies and prizes in the form of commendations and eventual patronage will go to those causing the lightest injuries. The fender which touches a dummy gently below the knees, for instance, and receives him as he falls, but breaks his neck, will not score heavily on the merit card. One function is to prevent the object from getting under the car, but another is to administer this prevention with sufficient moderation to give life and limb a fair chance away from the car wheels.

ORGAN TO BE DEDICATED

LOVING MEMORIAL TO MRS. ELIZA W. LUKE

The Eliza W. Luke Memorial organ, the gift of Mr. Arthur F. Luke to the West Newton Unitarian Church in memory of his wife will be dedicated on Sunday morning, immediately after the usual church service. At the conclusion of the dedicatory service, Mr. Hiram G. Tucker, the church organist will give an organ recital, with the following program:

Andante—Parsifal .....Wagner
Selection—Elijah, "O rest in the Lord .....Mendelssohn
Offertoire in D Flat major ....Salome
Andante .....Saint-Saens
Selection—Elijah, "If with all your hearts" .....Mendelssohn
Andante .....Guilmant
Allegro, F major Sonata Mendelssohn
Largo .....Handel

All the important features of modern organ building art are represented in this instrument, it being hte latest product of the celebrated firm of Hook & Hastings Co., Boston, who have had the work in hand for many months.

The beautiful exterior comprises groups of large, gold, speaking pipes supported by casing richly carved. The organ is placed in chambers at either side of the chancel with the console located in the choir loft at the rear of the chancel between the two divisions.

The instrument in its entirety is of perfect workmanship and material; its voicing artistic, the work of a master.

This instrument comprises five organs in one—Great, Swell, Choir, Echo and Pedal—and also contains a full set of Cathedral chimes placed in the alcove in the rear of the Echo organ.

The organ is of Electro Pneumatic action throughout and with its adjustable combination pistons, etc., controlling the various pneumatic devices, indicates the advance in organ building art and with what ease and full control the master organist may now have over the resources of the instrument.

The Echo organ is placed in the gallery above the vestibule and the impulse is conveyed from the keyboard to the Echo organ through a cable approximately 150 feet long.

The wind supply is provided by a patented English device operated by electric motor and placed below the organ chamber.

The electric current used in the organ action is supplied by means of a generator attached to and operated from the main blowing plant.

There are in all eighty-eigth stops, couplers, etc., many of the stops being very costly and of great range of power and variety each with its distinctive characteristic and varied quality of tone as in an orchestra, flutes, strings, reeds, and the true organ tone,—sober, impressive and devotional.

The foundation stops, rich, round, and full, the softer ones exquisite in their delicacy, the reeds of that rare quality for which the makers are famed, are all most beautifully blended in a grand, powerful and harmonious whole.

This organ is pronounced by musical experts as unsurpassed if equalled by any instrument of its size and all interested are expressing highest anticipation not only from the merits of the organ itself but much from the grand effect of such an organ in such a beautiful church.

The organ bears the following inscription:

"In memory of Eliza W. Luke for over twenty five years a devoted member of this church."

THEATRES.

B. F. Keith's Theatre—A genuine novelty is promised for next week at B. F. Keith's Theatre in Charles Kellog, "the man who sings like a bird". He is also the inventor of "The Dancing Flame," a tiny blade of light that responds to a tuning fork or bird notes given by the inventor in any part of the auditorium, but it indifferent to the ordinary singing or speaking voice. Gus Edwards' big Song Revue, which has proved one of the most popular attractions ever presented at B. F. Keith's will be held over for a second and positively last week, and all those who have not heard "My Italian Romeo", with the big Italian village scene; "Look Out For Jimmy Valentine," with the unique burglar dance; and the great finale, "I want to spoon to the tune of the silvery moon," will not want to miss these splendid features. The surrounding bill is exceptionally strong, including Arthur Dunn, the Irish comedian; Jimmy Lucas, the author of "I love my wife, but O you kid;" Thomas Hoier & Co. in the new comedy, "The Ice Man;" Dale & Boyle, novelty singers and dancers; De Michelle Brothers, harpists; and the Three Escardos, novelty acrobats.

Castle Square Theatre—Another week of "Forty Five Minutes from Broadway," at the Castle Square Theatre beginning Monday, means its immediate and unqualified popularity. In its blending of melodrama and music it brings before the audience much clever humor, possessing all the interest and entertaining qualities of both. Mr. Craig made no mistak in putting on this play of George Cohan's and the appreciation of the public is his reward. With Mary Young in the part of Mary Jane Jenkins, originally ercated by Fay Templeton, a rollicking performance is assured. Miss Young scored her first emphatic musical comedy triumph as Lucile in "The Circus Girl", and she is repeating that success in "Forty Five Minutes from Broadway." Morgan Wallace as Kid Burns is proving himself a clever comedian, and George Has sell, Walter Walker, Mabel Colcord, Al Roberts and all the others in the cast add to the all around completeness of the reformances. In addition there is an attractive chorus which sings and looks well, and the orchestra is under the able direction of Joseph Marr.

Tremont Theatre—"Excuse Me" has established a new endurance record for the season of 1911 in Boston, Saturday nights performnce marks the completion of the seventh week of the engagement of this Henry W. Savage farce production and it has but two weeks more to stay. The novelty of "Excuse Me" has not yet worn off. There seem to still be thousands of theatregoers of Boston and the neighboring communities whose amusement appetites have been whetted by the prospect of joining the merry party which makes the cross country journey in the Rupert Hughes' farce for the demand for seat accommotions is as great now as it has been at any time during this sensationally successful engagement.

WHEREAS, certain instruments purporting to be the last will and testament —and one codicil—of said deceased have been presented to said Court, for Probate, by Henrietta Hunt Ames who prays that letters testamentary may be issued to her, one of the executors therein named, the other having declined the trust without giving a surety on her official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge in said County of Middlesex, on the eighteenth day of October A. D. 1911, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton the last publication to be one day, at least, before said Court, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, CHARLES J. McINTIRE, Esquire, First Judge of said Court, this twenty-seventh day of September in the year one thousand nine hundred and eleven.

HURD—CHURCH.

In St. John's Episcopal church, Newtonville, Wednesday evening Mr. Malcolm Hurd, son of Mr. and Mrs. Edward P. Hurd of 508 Walnut street, and Miss Eliza Beatrice Church of Mill street were married by the pastor, Rev. Richard T. Loring.

The bridal group entered the church to the air of Mendelssohn's "Wedding March," played by the organist of the church, Miss Mary B. Mason, and proceeding slowly down the middle aisle the bride was joined by the groom. The bride was preceded by the maid of honor, Miss Mary Esther Bamburgh of Newtonville, and the bridesmaids, Miss Madeline and Miss Mildred McCoy of Cambridge.

The double ring ceremony was used and the bride was given away by Dr. John J. Coxeter of Newtonville. The bride was very prettily gowned in white satin with an overdress of white silk grenadine and lace and pearl trimmings Her tulle veil was draped with a crown of lilies of the valley and she carried a shower boquet of bridal roses and lilies of the valley. The maid of honor wore a gown of blue and white pina cloth over pale pink satin trimmed with laces and pink satin roses and carried a bouquet of pink rosebuds.

Miss Madeline McCoy was gowned in blue satin, with overdress of coral chiffon with coral trimmings. Her sister, Miss Mildred wore a yellow satin with overdress of Nile green chiffon, with coral trimmings. The best man was Mahion Wentworth Davis of Newtonville. The ushers were Percy B. Bennett of Dorchester and Grafton W. Potter of Winthrop Highlands.

Immediately after the ceremony to the music of "The Voice That Breathed O'er Eden," the couple came down the aisle, and in company with the maid of honor, bridesmaids, best man and ushers, were driven to the home of Mr. Edward A. Wilkie, 288 Mill street at whose home the bride had made her home for some time, where the reception was held.

After the ceremony the couple left on an extended wedding journey and on their return will make their home during the winter with Mr. and Mrs. Wilkie.

All communications must be accompanied with the name of the writer, and unpublished communications cannot be returned by mail unless stamps are enclosed.

Notices of all local entertainments to which admission fee is charged must be paid for at regular rates, 15 cents per line in the reading matter, or 25 cents per inch in the advertising columns.

The primaries have selected the various candidates and the state conventions have stated the principles on which the state campaign is to be waged. Republicans have the dual choice of attacking the vacillating administration of the state by Governor Foss—a most fruitful field—or to sound the trumpet call to all good citizens to rally to the support of the national administration and its attitude on the tariff. Massachusetts is an industrial state. Any national legislation interfering with our great manufacturing interests, as threatened by the Democratic party, will react on ourselves, by throwing men out of employment, curtailing production, and destroying our home market for even necessities.

This subject, however, does not appeal, so readily to teh average voter. It has been so many years since adverse tariff legislation has been enacted that it is hard to make one realize just what the effect will be.

On the other hand, the Republican party has a splendid opportunity to show up the inconsistencies, the frequent mistakes and the empty boastings of the Foss administration of the state. In either or in both events the good work go on that the voters may make a right choice at the coming state election.

Mayor Hatfield has yielded to the force of public opinion and withdrew his suggestion that the office of Public Buildins Commissioner be consolidated with the office of City Engineer This proposition has been strongly opposed by mose of the architects and builders in the city, who believe that the position should be filled by a competent man, who should devote all his time to the work. Mayor Hatfield has made a happy choice in nominating Mr. Walter R. Forbush for the office. Mr. Forbush has a thoro knowledge of architecture and building construction and should prove a capable city official.

The action of the B. & A. officials in making Newtonville a stopping point for all thru bound New York trains should be appreciated by the travelling public, which makes its home in Newton. In addition to the present platform accommodations now in use there are rumors that the railroad company is to erect a new and greatly enlarged station at Newtonville. In this event, that village will soon assume considerable importance as a railroad and street railway centre.

The proposition to make the south roadbed of Commonwealth avenue a state highway has many features of merit. It would relieve the city of considerable expense for maintenance due to its use by persons other than citizens of Newton, but it would react on the city in case the state Highway Commission, should allow this splendid road to deteriorate—as it has in other portions of the Commonwealth.

THEATRES.

Plymouth Theatre—Acclaimed by both the press and public as the most wonderful organization that Boston has ever witnessed, the Irish Players, from the Irish ational Theatre of Dublin now playing at the Plymouth Theatre, will begin on Monday next the third week of their engagement at this new and beautiful playhouse. The bill for the coming week will be the most interesting of the entire repertoire. As an example of the versatility each player possesses the management announces three district changes for the week, presenting eight different plays, a record unparalleled in the history of the American stage. The management of the Plymouth Theatre is making a special feature of paying strict and immediate attention to mail orders.

ANNUAL MEETING.

The annual meeting of the Auburndale Village Improvement Society was held at Society Hall Wednesday evening, October 4th. Preceeding the business meeting Mr. Charles I. Buckham, City Forester, gave an address on play ground improvements in Newton. The following officers were elected for the ensuing year: President, Guy M. Winslow, Vice Presidents, Franklin T. Miller, George M. Fiske, Wickliffe J. Spaulding, Secretary, George A. Bacon, Treasurer, Henry G. Hildreth, Executive Committee, Colon S. Ober, Dr. Henry W. Godfrey, Wilmar H. Nash, C. Winthrop Blood, E. B. Squire.

DIES SUDDENLY.

Wlliam Byers, aged 53, of Newton, was stricken with heart disease and died immediately while playing golf with a friend at the North Andover Country Club links yesterday afternoon.

He had been suffering from heart complications which caused him to retire from active business about a year ago.

Besides his wife he leaves five sons, Edward and Wheaton, Harvard College students, Randolph and Lloyd of St. George's school, Newport, Douglass and a daughter, Barbara, the two latter being at home.

Mr. Byers resided on Lake avenue Newton Centre.

W. C. T. U.

The opening meeting of the Newton W. C. T. U. will be held Thursday Oct. 12 at 2.30 p. m at the home of Mrs. Richard Stubbs, 7 Boyd street, Newton. There will be a speaker from headquarters. A large attendance is desired.

Y. M. C. A. NOTES.

The Membership campaign changed form last Saturday evening when the various teams made a final report, with a grant total of 803 new names added to the roll. The captains of the teams were then organized into a Membership committee and confidently expect to make the desired total of 1000 within a few weeks.

At the Brockton Fair Tuesday Newton was no match for the Brockton Y. M. C. A. in the first basket ball game of the season, the local five winning, 10 to 2.

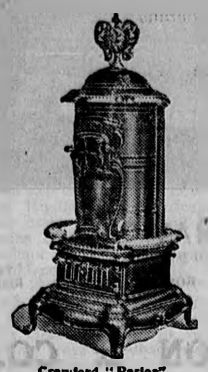
Crawford Parlor Stoves



Crawford "Parlor"

"Crawford Parlor." A genuine indirect draft stove with full return flue; the smoke passes down between the firepot and the outside casing of the stove to a flue beneath the ashpan, thence up and out through the back smoke pipe to the chimney, giving more heat and burning less coal. The grate center slides forward for dumping. Large clinker door; wide, deep ashpan; dust damper; nickel rails removable. Four sizes.

"Tropic" Crawford

"Tropic Crawford." With or without down draft back pipe. Draw center grate. Best stove made at the price. Nickel rails removable.

Crawford "Wood Parlor"

Crawford "Wood Parlor." In this new heating stove for wood the front door swings open to give the effect of a fire-place. By moving a slide in this door the fire can be seen without opening the door itself. The slide openings are protected by wire gauze. The main top swings to one side and underneath it is a large plate that lifts to admit large pieces of wood.

This stove is made in both direct and indirect draft styles. It is strongly made and very handsome. Three sizes, to burn 19, 22 or 25 inch lengths.

EDMANDS—QUINN.

Miss Kathleen Senton, daughter of Mrs. John B. Quinn of the Theodore Parker Farm of Lexington and Mr. Thomas Roland Edmands of Newton were married at noon Wednesday at the residence of Mr and Mrs. John B. Quinn by Rev. Dr. McClure of Grace church, Newton.

Miss Senton wore a gown of cream white satin,the skirt of which was in pastel shades of embroidery and silver lace. She wore a tulle veil and carried a shower boquet of lilies of the valley. Her sister, Mrs. Charles Reynolds was matron of honor and was gowned in Valencienne lace and silk with bandeau of pearls in her hair. She carried yellow roses.

The best man was Ralph Keller. The house was decorated in a most elaborate manner with autumnal foliage and white chrysanthemums. A string orchestra played during the ceremony and for the breakfast.

After an extended trip Mr. and Mrs. Edmands will make their home at Keene., N. H.

POINTERS FOR THE MOTORIST.

The Penalty of Traveling on Deflated Tires.

If there is any one thing that contributes most towards premature tire destruction it is undoubtedly traveling on tires that are not sufficiently inflated.

"Many motorists," says the Michelin Tire man, "give so little care to their tires that the first intimation of their improper condition comes when a muffled sound or a jolt, caused by one of the wheels coming in contact with some hard object on the road, discloses the fact that the rim is touching the ground.

"The envelope is then patched, a new tube fitted and a garter put on for the purpose of increased strength. The driver then proceeds to the nearest garage where a new envelope is obtained, the damaged one being left for repair. Nearly always it is found that the tread is the only part of the envelope that has not been totally destroyed. The beads are found to be broken or torn away. The walls of the envelope are scored and scraped inside and out. The canvas is torn and frayed and has broken away from the rubber. The envelope has lost its shape entirely, its several parts are disintegrated.

"The tube, replaced on the road, which was perhaps new or nearly new when the journey started, has been torn beyond all hope of repair and scraped and scored all over, some of the incessions being almost as deep as the thickness of the rubber itself.

"All this delay, trouble and expense is the direct result of traveling on a deflated tire, whereas periodic inspection of the air pressure would have entirely prevented the damage."

There are dozens of other equally interesting subjects relative to the proper care of tires dealt with in the "Book of Bibendum", issued free to motorists by the Michelin Tire Company of Milltown, New Jersey.

SEARLES—EPPS.

Capt. Charles Searles of the Boston Police Department and Miss Emily Epps, a clerk in the Court-house in Boston, were married Tuesday evening at the home of the bride's sister, Mrs. J. H. Bridges, 11 North street, Newtonville. The ceremony was performed by Rev. Richard T. Loring, rector of St. John's Episcopal Church.

Because of a recent death in the groom's family the ceremony was attended only by immediate relatives and friends. George W. Epps, brother of the bride, was best man, and the matron of honor was Mrs. Bridges, the bride's sister.

MASS. AUTOS.

There are now approximately 40,000 cars registered in Massachusetts, and the revenue to the State from registration certificates is approaching the half-million mark. This month will close with more than 36,500 automobiles registered by private owners and fully 3500 in the hands of the 826 manufacturers and dealers. Last year at this time there were about 32,000 machines registered. There are nearly 46,000 people licensed to operate automobiles, or whom over 33,000 are private owners and the remainder chauffeurs.

	1911	1910
Autos (ordinary regis.)	36,521	29,432

BETTER TRAIN SERVICE

Improved train service which cannot help but aid in the development of the attractive suburban territory between Newton Highlands, Needham and Boston is provided by the fall and winter time table of the New York, New Haven and Hartford R. R. now in effect. This improved service is the result of the establishment of the new Needham circuit, Boston to Boston.

Under the new schedule Needham has nine express trains to Boston via Newton Highlands, at particularly convenient hours each day and eight express trains out of Boston. Trains leave eedham for Boston by way of Newton Highlands at 6:45, 7:15, 7:27, 8:36, and 10:58 a.m. and 12:08, 1:09, 4:58, 5:45, 6:15, 7:00, 9:58, and 11:43 p.m.

There is also excellent service on the new circuit by way of West Roxbury. Trains leave Needham via West Roxbury at 6:06, 7:14, 7:51, 8:22, 9:26, and 10:14 a.m. and 1:38, 4:06, 5:32, 6:48, 8:06, and 9:15 p.m.

In the opposite direction, there is equally good service. Trains leave Boston via West Roxbury at 6:15, 6:45, 6:52, 8:03, 10:28, and 11:28 a.m. and 12:38, 3:56, 4:28, 5:17, 5:47, 6:30, 9:28, and 11:15 p.m. By way of Newton Highlands, trains leave Boston at 5:37 6:15, 7:22, 8:40 and 9:45 a.m. and 1:08, 3:37, 4:35, 6:15, 7:37, 8:45 and 10:37 p.m.

MEDBERY—LYONS.

The wedding of Miss Ethel Scott Lyons, the daughter of Mr. and Mrs. Thomas F. Lyons of Newtonville, to Mr. Neil Gilmour Medbery of New York city, took place Wednesday evening at St. Johns church Newtonville, which was attractively decorated with palms and yellow chrysanthtmums for the occasion. The ceremony, which took place at eight o'clock, was performed by Rev. Richard T. Loring, rector of the church.

The bride wore a gown of white crepe meteor, trimmed with point de lire lace, and a tulle veil entwined with orange blossoms and lillies of the valley, and carried a boquet of brides' roses and lillies of the valley. She was accompanied by Mrs. Robert A. Carter Jr, of New York city, as matron of honor, wearing white satin trimmed with silk embroidered lace and carried yellow chrysanthemums.

The bridesmaids, Misses Marion Gayons of Newtonville and Miss Eleanor Dodge of West Newton wore yellow messaline veiled with white marquisette and carried baskets of pale yellow daises. The bride was escorted to the chancel by her father who gave her in marriage. Mr. Stephen C. Medbery Jr., was the best man and the guests were seated by these ushers, Messrs Henry T. Lewis of Dalton Spa, N. Y., Chas. E. Lyons of Newtonville, Louis T. Heatle of Schenectady, N. Y., and Robert A. Carter Jr. of New York.

A reception followed at the Lyon's residence 256 Lowell avenue, Mr. and Mrs. Medbery being assisted in receiving their friends by Mr. and Mrs. Lyons, Mr. and Mrs. Stephen C. Medbery, Mr. Stephen C. Medbery, Jr., and Mrs. Robert A. Carter, Jr.

After a wedding trip, Mr. and Mrs. Medbery will be at home, after Nov. 15th at 68 West 162nd street, New York city.

The display of Electric, Gas and Oil Lighting fixtures at the Show Rooms of McKenney & Waterbury Co., No. 181 Franklin St., Corner Congress, should be seen by every one interested in Lighting Fixtures to brighten their homes. A variety unequalled in the country, all lighted, to show the fixtures to meet the surroundings, at prices not to be had elsewhere.

REPUBLICAN RALLIES

The newly organized Young Men's Republican Club have arranged to hold three rallies in this city on Saturday evening October 21st. Meetings will be held at the Nonantum Boys Club rooms on Dalby street, Nonantum, at Players Hall, West Newton and at Bray Hall, Newton Centre.

Lieutenant Governor Frothingham, candidate for governor, Mr. Robert Luce, candidate for lieutenant governor, Congressman John W. Weeks, and State Auditor John E. White will be the principal speakers, with Representative George H. Ellis and Senator Henry C. Mulligan assisting.

POLICE NOTES.

In the Police Court Monday morning, before Judge Kennedy, Henry L. O'Hearn was fined $10 for disturbance and $10 for operating an automobile without a license. O'Hearn was arrested last week Thursday morning by patrolman Bates on Commonwealth avenue in company with another man and woman. When being booked the other two gave the police fictitious names and forfeited their bail. O'Hearn did not appear in court on the following morning and was located in Worcester by Inspector O'Halloran.

James Fitzgerald, employed as a driver for Bailey's express of Newton Centre was fined $50 on the charge of illegal transportation of liquor. The man was summoned into court on complaint of officer Mahoney, charging that on September 30, Fitzgerald had delivered to a resident of Newton Centre a case of beer and did not have the book signed at the time He appealed.

WILL ATTEND REUNION.

Col. Henry Haynie, past commander of Charles Ward Post, G. A. R., has gone to Chicago to attend the reunion of his old regiment, the nineteenth Illinois Infantry, which served valorously in the Army of the Cumberland for more than three years. It seems rather strange, but this will be the first gathering of the "old boys" of his war battalion that Col. Haynie has ever participated in. His long absence from Illinois, here in Massachusetts and in France, has hitherto deprived him of the great pleasure he is now undoubtedly enjoying.

In Chicago our townsman will also be the guest of the First Illinois Infantry Militia, a crack military organization of which he was one of the founders in 1873, and was its adjutant under Gen. Frank Sherman.

On his way home Comrade Haynie will visit the Cathedral School of Saint Mary's, Garden City, Long Island, where his daughter Hylda is now a pupil.

D. A. R.

The Lucy Jackson Chapter D. A. R. held its first meeting Monday Oct. 9, at the residence of the Misses Allen Webster street, West Newton, there with Mrs. Walter Allen acting the hostesses for this month. Mrs. Chas. Meserve, the new regent, presided for the first time

The following delegates were elected for the coming State Conference, Mrs. Wm. H. Lucas, Mrs. D. W Baker, Mrs. A. C. Walworth, Mrs. F. M Lowe, alternates, Mrs. J. L. Damon, Mrs. Francis Newhall, Mrs. A. S. Pratt.

After delightful piano solos by Miss West, a most interesting talk was given by Mrs.. Charles Park on Women's part in Civic Affairs.

After the singing of America by the Chapter, a social hour was spent in the dining room.

TESTED BY FIRE

An interesting test of railroad torpedoes and fusee signals under fire conditions, was made last Monday afternoon in this city by Mr Walter L. Wedger of the state police, by direction of Deputy Chief Neal. The tests were made in the woods off Needham street, and were attended by Chief Randlett Chief of Police Mitchell, Chief Upham of Needham, District Chiefs Fox and Taber of Boston, Mr Arthur E. Keating of the state police, Mr Louis Ross of the Vulcan Mfg. Co., and Mr. Clark of Needham.

The object of the exhibition was to determine just what these inflammable articles would do under storage conditions in case of a fire. There were five separate tests and it was easily manifest that an ordinary hydrant stream would extinguish either the torpedoes or the fusees, when on fire in moderate quantities and that there was no danger from explosions.

The results were of much interest to the fire officials present as is clearly showed that there was no special danger in entering a burned building in which these inflammable articles are stored.

THEATRES.

Castle Square Theatre—Everybody likes a detective story, and everybody likes to witness the exciting scenes of a detective play. The latter will be offered at the Castle Square next week in "Arsene Lupin," oneof the strongest and most entertaining of dramas that have been produced in this country in many a longe season. It is a dramatization from the novel of the same name and its plot involves the adventures of an audacious French thief who delights in robbing the mansions of the rich of their treasures. It is in three acts and four scenes, and it was presented with unexampled success in the theatres of Paris before before offered to the theatre-goers of England and America.

Mr. Craig will appear in the title role, Mary Yong will play the heroine, and there will be a large cast, special scenery, and a perfect all-round production.

WILSON—CROSBY.

In the Grace Episcopal Chapel Monday evening Mr. George F. Wilson of Orchard street, Newton, was married to Miss Alice C. Crosby, daughter of Mr. and Mrs. L. W. Crosby, of Ashmont street, Allston. The ceremony was performed by Rev. Laurens MacLure, pastor of the church. Both the bride and groom were unattended and the ceremony was witnessed only by the parents of the contracting parties and a few relatives. Mr and Mrs Wilson will reside on Boyd Park terrace. Newton.

N. H. S.

Winthrop played Newton in an interesting game last Saturday. Newton won 11 to 6.

Last Monday in the game between Newton and Hyde Park, Newton won with a score of 29 to 0. Tucker played a fine game for Newton.

Wednesday morning the girls of the Technical High assembled in the hall, and were given a talk on athletics, by Miss Shepardson the physical instructor.

There is to be a new school paper started in the Technical High School which will be called, The Newton Technica High School Dynamo. Its staff consists of: Bruce Clark, editor, Ernest Foley, bsiness manager, and Garrison and Conroy, assistant managers.

A GOOD SUGGESTION

Gentlemen:—This year I suggested the way to fill the stand at the Newton High Base Ball games was to charge ten or fifteen cents instead of twenty-five cents, as at Waltnam.

The "powers that be" paid no attention to same and all but about twenty pupils of the 1400 went home instead of attending each game. Now they have commenced on their Foot Ball games and charged last Saturday 25 cents.

There were possibly 30 pupils there, who paid.

Men who came from the Waltham game,(there being no game) numbered possibly 50.

Is it not foolish for the management to persist in this 25 cent fee? Charge 10 cents and fill the stand. Perhaps the Police will be more busy thereby; but it will do them good to know they are earning their salaries.

OUTING AT MT. TOM

ENJOYABLE TRIP OF MASSACHUSETTS EDITORS

Members of the Massachusetts Press Association and their ladies held a most enjoyable outing last Sunday, when the week end was spent in visiting Mt. Tom and vicinity. The party of twenty-five left Boston in a special car, courteously provided by the Boston and Maine Co., and thoroly enjoyed the beautiful ride thru the centre of the state, with glimpses, now and then of Mt. Wauchusett and accompanied the entire distance with the most beautiful foliage of autumn.

Arriving at Northampton in the late afternoon, headquarters were established in the best hotel in that city, the Draper, where mine host Bowker endered the party all possible courtesies. Invitations were received from the Northampton City Club and the Northampton Country Club extending the courtesies of their clubhouses to the members and the Hampshire County Automoblie Association fairly insisted on entertaining the party. Sunday will long be remembered by the editors for it brought with it one of the events of a liff time, a visit to the top of Mt. Tom on a clear day. Mr. W. S. Loomis, a former president of the Association, and now general manager of the Holyoke street railway company personally conducted the party in a private car to the attractive Mountain Park at the base of Mt. Tom, and then on the cable car to the obsehvatory at the top. It is impossible to describe the view to one who has not seen it. While the mountain is but 1266 feet high, one side is almost precipitous, and it is almost like looking from the roof of a high building. In the road at the foot of the mountain persons and dogs appeared the size of ants and beetles, while the reds and browns and greens of the fields and the trees formed a fascinating panorama. One of the peculiar features of the view is the entire absence of fences or stone walls, there being no apparent division between the various and numerous farms, which laid spread out like an immense checker board. Wachusett, Monadnock and Greylock with hundreds of smaller mountains were in plain sight, and were brought close at hand thru the numerous telescopes with which the observatory was fitted. Two hours was all too short a time to spend in admiring the view of field, and forest, mountain and river, with many little towns and prosperous cities intermingled, and it was with much regret that the return trip was made. At Mountain park a short stop was made to view the attractive gardens and pavilions of the Street Railway Company, something like Norumbega park and yet far more beautiful on account of its location. Sunday afternoon, the party attended the vesper service at Smith College. The service was most impressive, but the audience was more so. Twelve hundred young women massed in one body eemanated a potentiality for good body emanated to dominate the entire auditorium. One came away from the service and the audience with a firm conviction that its influences could not but work together for the good of humanity.

Monday morning Mr. Loomis gave the members another surprise with a fine trolley ride thru Holyoke, where th 1400 foot dam across the entire Connecticut river was seen, thru South Hadley and Hadley, past Mt. Holyoke college for girls, up thru the notch in the Mt. Holyoke range, where the chestnuts and the foliage were equaly attractive, and thru the town of Amhers, to the grounds of the Massachusetts College of Agriculture. Here President Butterfield and other members of the faculty entertained the party for two hours, viewing the buildings and laboratories, the chapel, and the barns and the time was altogether too short to see the meritorious work of the institution. One fact stuck in the minds of many of the party, when Prof. Fernald stated that the damage to the crops and trees of Massachusetts by insects, was estimated at four millions of dollars annually, and that they were educating students to know these destructive pests in the hope that some of this needless waste might be saved. The work of the college is described more fully in another column. Splendid apples and fine grapes grown on the college grounds were presented the guests and then followed an automobile ride up the valley of the Connecticut with a visit to Deerfield, where the Bloody Brook massacre of colonial days is marked by a plain stone monument across the river at South Deerfield, where there is a beautiful view of river and mountain together, and then down the west shore to the hotel at Northhampton. And it was a tired party that arrived at the North Station in Boston that evening at seven o'clock.

LODGES.

The Newton Lodge, 21 A. O. U. W., held its installation of officers and initiated two new candidates into the order Tuesday evening in Nonantum Hall. The Waltham degree team of the Waltham Lodge, 26, worked the degree, after which the new officers were installed by Harry Wyman, D. D., of Waltham. After the installation vocal selections were rendered by R. G. Blue of Newton Lodge, piano selections by F. J. Linthwaite of Waltham Lodge, followed by a banquet. A large number of members were present at the reunion and rally and several guests from the surrounding lodges were also present, among them being Harryq Wyman, DD, of Waltham and Thomas B. Jameson, GO, W. G. Baker and J. M. Kelley, committee on laws of the Grand Lodge.

Nonantum Conclave 1045, Independent Order of Heptosophs, held the first of a series of monthly whist parties and dances last Friday evening in Nonantum Hall, over 400 being in attendance. Whist was enjoyed by a large gathering in Hibernian Hall from 8 until 10 and dancing was held in Nonantum Hall from 8 until 12. The committee in charge were Messrs C. E. Josselyn, H. Wilson, Thomas E. Enegess, John C. Ward, H. E. Johonnot.

The third degree staff of Newton Lodge I. O. O. F. held a banquet Monday evening at Odd Fellows Hall, West Newton.

Newton Lodge I. O. O. F. will hold its second dance of the season next Wednesday evening.

—The death of Mrs. James Maloney occurrd last Tuesday afternoon at her home on Clinton place after a short illness. The deceased is survived by a husband and one daughter who resides in this village. The funeral services were held from the Church of the Sacred Heart this morning, the Rev. Fr. D. C. Riordan officiating.

—The third evening service of the season will be held next Sunday evening at the First Baptist Church, the organ recital beginning at 7.15 o'clock. Rev. M. A. Levy will speak on "This is Life". The soloist will be Mr. Percy Baker, first bass of the Pilgrim Male Quartette. This will afford to music lovers in this vicinity an opportunity of hearing the baritone developed by such teachers as Morawaski, Townsend and White, who has been heard with universal satisfaction and enthusiasm elsewhere.

MRS ELLEN F. ATWELL.

On Wednesday morning, Oct., 11 Mrs. Ellen F. Atwell passed away at the family residence, 90 Washington street, Newton.

Mrs. Atwell was the wife of Rev. Benjamin W. Atwell, D.D., who retired from active work some five years ago. Therepon they came to Newton to be with their only surrviving child, Mrs. Edward Dearborn, and until a year ago they lived in the old Dearborn house on Jewett street, when the daughter and son-in-law went with Dr. and Mrs. Atwell to Washington street.

Mrs. Atwell was a native of Springfield, Mass., and it is to that city the body was taken for interment, after the service on Friday, October 13. For the last few years Mrs. Atwell has been in delicate health, and so has not had a large circle of friends in Newton. To those who had the privilege of her acquaintance, however, she was a most winning personality. Bright, energetic, and a charming conversationalist, she never allowed her infirmities to cloud her presence and cheery manner. A sincere Christian woman, she was an ardent church-worker and efficient aid to husband during all the years of his ministry; most of which was spent in Rhode Island and in Vermont.

The burial service was conducted by Rev. Lawrens MacLure, D.D., of Grace church, who accompanied the family to Springfield for the interment.

A Goodyear Welt Shoe contains more value for the money than any other article of daily use you buy.

The masses of the people are wearing better shoes today than ever before.

The United Shoe Machinery Company by steadily reducing the machinery cost of making shoes, improving the machines on which shoes are manufactured, placing them in factories on reasonable terms and giving manuufacturers an efficient service has made this possible.

The Boot and Shoe Recorder says: "One day's work will buy a better pair of shoes in the United States than it will anywhere else in the world by more than 30 per cent."

The item of machinery is the only item of cost in the manufacture of shoes which is lower today than in 1899, when the United Shoe Machinery Company was formed.

The products of the shoe factories of Massachusetts have greatly increased in value since the Company was formed in 1899. In 1900 they were valued at $117,000,000; in 1908 (the latest year for which statistics are at hand) at $170,000,000; and that was the year after a panic.

The operatives on the Company's machines in shoe factories are much more regularly employed and receive higher wages than operatives received under the conditions which prevailed before the formation of the Company.

At the New England Fair in the Mechanics Building, Boston, you will see a

Complete Shoemaking Plant

with the machines of the Company in actual operation making Goodyear Welt Shoes.

Sixty different machines out of the 300 manufactured by the Company are shown at work there, each needed in the manufacture of a high-grade Goodyear Welt Shoe.

Some of these machines are sold; some are leased; some are sold or leased as the shoe manufacturer may prefer. Most shoe manufacturers had rather lease than buy.

Visit the fair and learn for yourself the

Terms upon which the shoe manufacturer enjoys the use of each machine.

Ask questions. They will be answered.

B. F. Keith's Theatre—Madam Sumiko a dainty little Japanese woman who is known in her own country as "The Mary Garden of Japan," will be a feature attraction at B. F. Keith's Theatre next week. Mme. Sumiko is the prima donna soprano of the Imperial Opera House in Tokio, and was brought to this country by one of Mr. Keith's agents in the Orient.

A beautiful stage representing a palace garden across the harbor from Fujiyama, is also carried. Other big features of the week will be Paul Dickey & Co., in "The Comeback," an uproariously funny farce of college life; the Heim Children, juvenile wonders; Morris & Allen; Hickey's Comedy Circus; Louis Stone, the upside down dancer; the R. A. G. Trio of ratskeller entertainers; and the Rials, novelty equilibrists.

THEATRES.

Boston Theatre—Another Werba and Luescher success following on the heels of their unrivalled productions of "The Spring Maid" and "Little Miss Fix It" was the pleasing announcement flashed over the wires when this young firm of artistic managers secured "Miss Dudelsack."

This "European sensation, with its facinating melodies played last year in nearly 200 continental cities, is the new opera selected for Miss Lulu Glaser's starring tour. Its charming title-role proved to be exactly what Miss Glaser had been seeking ever since her well-remembered triumph in "Dolly Varden."

The American musical stage has not been graced by a more captivating or popular artist than Lulu Glaser. At all times an irrestible comedienne as well as a brilliant prima donna, she dominates every role she has ever played.

The opera calls for a more elaborate production than Werba and Luescher gave "The Spring Maid." Miss Glaser is supported by an all-star cast and an orchestra of thirty, so that the presentation of "Miss Dudelsack" promises one of those rare musical treats that come only occasionally during a season. The management calls attention to those ordering seats by mail that the first two rows will not be for sale, being held out for the orchestra.

Plymouth Theatre—Unless the management can succeed in prolonging their stay, the Irish Players, now appearing at the Plymouth Theatre, Boston, will begin on Monday next their fourth and farewell week of their engagement at this new and beautiful playhouse. As a special feature the management has chosen for the attraction for the entire week, "The Playboy of the Western World" a comedy in three acts by the late J. M. Synge, one of the most noted of Irish playwrights.

It is safe to say that the success achieved by these remarkable players has never before been equalld in Boston. Their versatility and natural acting, depicting true Irish life, has captivated both the press and public of Boston, and as a mark of the latter's esteem and appreciation the players have been greeted with capacity houses at every performance.

Mr. Frothingham, the republican candidate for governor will be elected to that office by republican votes. Moreover, he will be elected by the votes of Republicans who strayed after strange gods last year and voted for Foss. There can be no question of the fact that every republican who voted for Foss last year, and who has taken the slightest interest in the government of the Commonwealth the present year will return to the fold and cast a straight party ballot. Never in the history of the state has there been such an exhibition of executive administration, of broken promises, of appointments to office for political effect, and of unfounded charges against competent state officials. There should be an overwhelming protest at the ballot box next month against the man who uses the state to advance his own political interests. Let the people speak in no uncertain tones.

—o—o—o—

Our correspondent will strike a popular chord in his protest against the high charge for admission to the high school football games. Supt. of Schools Brooks of Bostn advcates the handling of all athletic sports in the public schools of that city by the school authorities, charging no admission for the games and having the expense of the department borne by the city. There is a strong feeling all over the city that something is wrong in the financing of school athletics and it is time that radical action was taken by those in authority.

—o—o—o—

The report of the National Board of Fire Underwriters on the water and fire departments of this city will be awaited with much interest. The report of the engineers who have been making the local inspection is now in Chicago, and will be printed before the first of November.

The Young Mens Republican Club ar to be congratulated on their enterprise in arranging for a republican rally in this city for the present campaign. Newton has not always been honored with the presence of the republican candidate for governor.

ARCHERY CONTEST.

The new archery range at the Newton Centre Playground was formally opened yesterday afternoon by Mayor Charles E. Hatfield, in the presence of a large number of people. Newton is the first municipality in New England to provide a range for this ancient sport and much credit is due to Forest Commissioner Bucknam for the scientific development of the grounds. The range faces north and there is room for ten targets, seven being in use yesterday. There were 18 contestants entered including two ex-national champions, Messrs G. P. and Wallace Bryant. The gentlemen shot 96 arrows at 60 yards and the ladies shot 72 arrows at 50 yards. The scores were as follows:

GENTLEMEN.

	Hits	Score
G. P. Bryant	88	438
Wallace Bryant	84	400

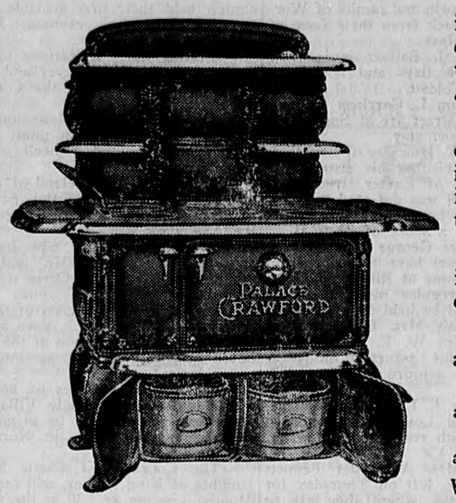
If All Housekeepers Knew the Advantages of the

Crawford Ranges

few others would be sold

In the saving of time, trouble and labor and in *superior cooking* ability, no other range can compare with them.



The **Single Damper** (patented) is the only perfect fire and oven control; one motion—slide the knob to "kindle," "bake" or "check," and *the range does the rest.*

The **Two Hods** in the base (patented) is a wonderful trouble-saving feature. One Hod for ashes, instead of the old, clumsy ash pan; the other Hod for coal.

The **Oven** with its cup-joint flues is heated *all over alike;* no "cold corners," no "scorching spots".

The Patented Grates save trouble and money.

Auxiliary Gas Ranges at the end or above the range, if desired.

Ask the Crawford agent to show you and write us for circulars.

AN EXCELLENT INSTITUTION

MASS. COLLEGE IS DOING SPLENDID WORK

The Massachusttts Agricultural College is frequently mentioned as one of the most progressive educational institutions in New England; it is progressive because of the field of activity which it represents and because of the efficient leadership which it is assuming in that field. Thinking people are as never before, realizing that in a nation like ours, agriculture is really the fundamental industry, the agricultural colleges accepted this belief somewhat earlier than did the majority of the people, and have been largely responsible in producing the wholesome attitude toward agriculture and rural life, now entertained by the general public. For many years our agricultural college has been explaining to its students and to everyone else who could be reached, that the conservation and intelligent use of the soil represents one of the most serious problems which face not only the farmer, but every other class of people. As people came to more thoroughly believe in the possibilities and significance of the agricultural industry, the college was willing, and in a measure prepared to give them the information and aid for which they sought.

And so the agricultural college may today be regarded as a public service institution, which is supported partially by the Federal Government, but chiefly by the Commonwealth.

In 1896, the enrollment of four year students at the Massachusetts Agricultural College was 81; this autumn, the number is 478. Few institutions in this country can report such an increase in attendance; this growth in numbers however, has been a wholesome one, and during this time the scholarship standard has been gradually raised; at present, approximately the same entrance requirements are made as for admission to the other New England colleges.

The faculty now numbers sixty men, some of whom are recognized throughout the country as leading authorities in matters pertaining to their special department of teaching. While the state institution at Amherst is primarily an agricultural college and recognizes that training in strictly agricultural lines is its chief function, its curriculum insures a general cultural education to those completing the course; the college also trains men for vocations closely allied to that of practical agriculture and horticulture; thus its graduates are found engaged as expert etomologists, botanists, agricultural chemists, andscape gardeners, experiment station workers, school and college teachers, and a few professional men.

Not only is the college reaching a larger number of people than ever before through its resident students who do work of college grade, but, through the work carried on by the extension department, several thousand persons annually are reached and definitely assisted. Short winter and summer courses are conducted; a farmer's week and various other short term conferences are held at the college. For those who are unable to come to the college even for a short time, lectures, correspondence courses, field demonstrations, educational exhibits at fairs, and personal expert advice are offered. In 1910 two "Better Farming Trains" were operated in Massachusttts; these were equipped largely by the agricultural college and reached directly about 9,000 people in the restricted territory covered. Extensive plans for further work of these types are already made and wait only for the necessary funds to be put into operation.

The agricultural experiment station of Massachusetts is located on the college grounds and is a part of the institution. Here are constantly carried on experiments of a practical nature, results of which are printed and freely distributed to those applying for them. The experiment station also is engaged in research for the purpose of discovering new truths in the realm of agricultural science. The inspection and analysis of fertilizers and feed stuffs for the State is directed by the experiment station. By this department as well as by the extension department, there are answered yearly several thousand letters of inquiry concerning the practical problems confronting the farmer.

The Massachusetts Agricultural College is located in one of the most beautiful spots in New England; the necessary expense for those attending the institution are moderate; and the vocations for which its students are trained are far from overcrowded.

But generous as the State has been in the past, ther are pressing needs still apparent at the agricultural colege. The class room facilities are wholly inadequate for the proper accommodation of the freshmen and sophomore classes; larger and better equipped laboratories ar also needed by some departments for the more efficient training of those men specializing in the sciences closely related to agriculture; the library and assembly hall are much overcrowded; there is a most urgent demand for additional dormitories; since the time when there were but 81 men at the institution, no increase has been made in the dormitory facilities; at present about 75 of the 478 students are housed on the college grounds, and the rest are obliged to seek rooms in the private houses of the village.

Jones, McDuffee and Stratton's establishment presents a busy scene at this season to those looking for household requisites and wedding gifts. Those interested in ceramics can see under their roof the products of an countries.

LASELL NOTES.

ALDERMANIC OUTING

The annual fall outing of the aldermen and city officials was held on Monday and proved a most enjoyable occasion. The party left City Hall about nine o'clock in eight automobiles and were shown many streets which the Street Commissioner desires to reconstruct with the appropriations soon to be made for next year. These included Webster street, Washington street, Lowell avenue, Beacon street, Walnut street, Harvard street, Adams street, Bridge street, Pearl street, Vernon street, Park avenue, Cotton street, Clark street, Jackson street, Boylston street, Lagrange street and Winchester street. Stops were also made at the Auburndale park, Allison park, Stearns playground, Newton Highlands playground, the proposed Waban playground and at the new supply well now being constructed for the water dept. in Needham. Lunch followed at the Brae Burn Club and the remainder of the afternoon was spent in conference with the city officials regarding 1912 appropriations.

SPRING—MORSE.

The wedding of Miss Marion Hazel Morse, the daughter of Mr. and Mrs. Frank G. Morse of Wellesley Hills and Mr. George B. Spring of Leominister took place last week Wednesday evening at the Congregational church, Wellesley Hills, which was prettily decorated with autumn foliage for the occasion. The bride wore a gown of heavy white satin, entraine, trimmed with pearl bands, rose point and baby Irish lace, and carried a shower boquet of lillies of the valley. Miss Estelle Pea body of Wellesley Hills, the maid of honor was gowned in white acolian, veiled with white marquisette and carried pink roses. The bridesmaids, Miss Helen F. Covil of Webster City, Iowa, and Miss Grace L. Campbell of Hyde Park, Mass., cousins of the bride wore deep Helen pink chiffon made over white messaline and crystal trimmings and carried white roses. The ring bearer was Master Robert Schofield, a nephew of the groom. The bride was given in marriage by her father the ceremony being performed by Rev. Parris Farwell, pastor of the church.

Mr. Chester C. Spring of Newton Lower Falls was the best man and Messrs. Marshall C. Spring, Fred C. Spring of Lower Falls, Arthur Montgomery of Clinton and George Barnes of Stoneham were the ushers.

A reception followed at the home of the bride, on Washington street, Mr. and Mrs. Spring being assisted in receiving by Mr. and Mrs. Frank G. Morse and Mr. and Mrs. Charles H. Spring.

Following a wedding trip to the mountains, Mr. and Mrs. Spring will reside at Leominster where they will be at home after Dec. 1st.

BOY KILLED BY AUTO

Another fatal automobile accident took place last Saturday morning when Thomas Burke, the 9 year old son of Patrick J. Burke of 186 Chapel street, Nonantum, was almost instantly killed when a highpower automobile owned by Joseph F. Flanagan of 71 Walnut park and driven by his son, Edward Flanagan, 18, struck him, fracturing his skull, and died a few minutes later in the office of a physician, where he was taken by officer Purcell.

In the automobile beside young Flanagan was a the chauffeur, Fred H. Munroe, and three chums of the boy. The party were going from the Flanagan home up Washington street to the high school, and as the car came to Adams street, a Bemis car in turning Adams street, shut off his view, and in going around the car, the little fellow stepped directly in front of the machine. The car at the time of the accident was proceeding at a moderate rate of speed, and according to the story told by the chauffeur, the boy became confused as the car approached him, and that young Flanagan made a vain effort to bring the machine to a stop. As the machine bore down upon the boy he stepped directly in front and was knocked down.

Officer Purcell was a short distance away at the time of the accident, and rushed the boy to the office of Dr. Stanton on Washington street in the automobile. Dr. Stanton was not at home, and Dr. Warren W. Marston was called and attended the boy, but he died without regaining consciousness.

Medical Examiner George L. West was called and pronounced death due to a fractured skull as the result of an automobile accident. The parents of the boy were soon notified after the accident but the boy died before they arrived. The boy was a pupil in the Parochial School of the Church of Our Lady and was very popular with his fellow students.

LIVERMORE—COUTREMARSH.

The wedding of Mr. Wendell Brackett Livermore of this city and Miss Marie Estelle Coutremarsh of Roxbury took place Wednesday evening at the Livermore home on Orchard street, Newton. The ceremony took place at 7.45 o'clock under a bell of white brides roses hung in an arch of Easter lillies, and was performed by Rev. Joel Hastings Metcalf of the Unitarian church, Winchester.

The bride wore white princess satin with veil of white tulle held in place with a wreath of lillies of the valley, and carried a shower boquet of brides roses. The matron of honor was Mrs. Henry A. Hill of Southbridge wearing white embroidered chiffon over pink satin and carrying red roses. The bridesmaid, Miss Gertrude Fischer of Roxbury wore a white lace robe over light blue satin and carried pink roses. Little Miss Lois Katherine Hill of Southbridge was the flower girl and ring bearer and was in embroidered batiste and carried a basket of roses.

The best man was Mr. Henry A. Hill of Southbridge and the ushers were Messrs O. Elliot Smith of North Cambridge, Benjamin W. Foster of Jamaica Plain, Harry M. Tufts of Boston and William W. Carter of Needham. The bride was given in marriage by Col. Linn Dutton Taylor of Brattleboro, Vt., a member of Governor Meads staff, and the music was furnished by Mr. A. H. Handley.

A largely attended reception followed until ten o'clock Mr. and Mrs. Livermore being assisted in receiving by Mr. and Mrs. George F. Livermore, Col. and Mrs. Linn D. Taylor and Mr. and Mrs. Henry A. Hill The house was attractively decorated with chrysanthemums, roses, lillies and potted plants.

After a wedding trip to Old Point Comfort and Washington, Mr. and Mrs. Livermore will reside on St. James street, Newton.

KIMBALL—DAVIS.

The wedding of Miss Marion E. Davis, daughter of Mr. and Mrs. Irving H. Davis of Newton Highlands and Mr. George E. Kimball of Bethel, Vt., took place at the Davis home on Monday evening, this date also marking the twenty-eighth anniversary of the marriage of Mr. and Mrs. Davis. Only immediate friends of the families were present. Rev. Geo. G. Phipps, and Rev. A. D. Stroud of the M. E. Church together officiated. The rooms were tastefully decorated with autumn foliage and potted plants: and music and merry songs preceded the collation. The newly married couple will make their home in Bethel, Vermont.

ASPHYXIATED

Mr. George Henry Page, 63 years of age, was found in bed Monday morning at his home, 26 Sterling street, West Newton, by his wife with all the windows closed and the gas jet turned on. Medical Examiner George L. West was notified and stated death was due to an accidental leak in the gas jet.

Mr. Page was born in Boston and attended the Brimmer Grammar School and graduated from the English High school. He had resided in this city many years. He is survived by his wife and daughter Mary aged 9 years. The funeral services were held at the Mt. Auburn Cemetery Chapel on Wednesday afternoon.

POLICE NOTES.

In court Monday morning, Guiseppe Barbarti and Oreste Crulli of 384 Watertown street, were fined $15 each for gambling on the Lord's day. According to the testimony of Sergt. Burke and officer Mills, the men had been in the habit of playing cards nearly every Sunday in a room, which could be plainly seen from the street.

As the result of several complaints from the residents of Crafts and Clinton streets in regard to several boys hanging around the corner of these two streets during the evening and blocking the sidewalk, seven boys, ranging from 17 to 21 years of age, were summoned into court the same morning charged with violating a city ordinance. Judge Kennedy imposed a fine of $7 on each.

In Court Saturday morning, before Associate Justice Bacon, Mrs. Jennie Czras of 10 Mechanic street, Upper Falls, was fined $20 on the charge of disturbance and assault on an officer. Officer Tibbetts went to her home to quell a disturbance, and he alleged the woman struck him in the face with her fist. She appealed from the fine.

AUTOS COLLIDE.

An automobile owned by Charles E. Gibson of 80 Bigelow road, driven by his son, Charles E. Gibson, Jr., accompanied by Philip Woodbridge of 16 Otis street, was in collision this morning with another auto owned by Thomas B. Curtis of 345 Lake avenue, Newton Highlands, and containing his wife and the chauffeur, John Francis, on Highland street, near the corner of Chestnut street.

There is a curve in the road at the place where the two cars met, which prevented them seeing each other until too late to prevent a smash.

As the cars met the Gibson car was overturned and Woodbridge landed under the car, suffering as a result a crushed chest. The other occupants of the cars were not seriously injured, except Mrs. Curtis was badly shaken up. It is not thought that Woodbridge's injuries will prove fatal. The two cars were badly smashed.

GIBSON—READ.

At the home of Mr. and Mrs. William C. Hall, 80 Berkeley street, West Newton, Tuesday evening, Miss Kathryn Tyler Read and Harry P. Gibson, a young business man of Schenectacy, N. Y., were married by Rev. John Matteson, rector of the Church of the Messiah, Auburndale.

The bride was attended by Mrs. William C. Hall as matron of honor and the best man was Martin P. Rice of Schenectady. The bridesmaids were Miss Helen Field, Miss Alice MacLeod and Miss Elsie MacLeod. The bride wore a gown of duchesse satin trimmed with duchesse lace. Her veil was caught up with a band of pearls and orange blossoms and she carried a boquet of lilies of the valley and orchids.

Following the ceremony a reception was held at which the couple assisted by Mr. and Mrs. Hall, received the guests. Following an extended wedding trip the couple will live in Schenectady, N. Y.

NEWTON LEAGUE.

The Newton Bowling league, one of the oldest bowling organizations in this vicinity will open its season very soon with some changes in its membership from last year. The Newton Boat Club, the Neighborhood club of West Newton and the Highland club of Roxbury have resigned and their places will be filled with the Newtowne club of Cambridge making a six club league instead of eight. The clubs rolling this year will be the Hunnewell of Newton, Northgate of West Newton, Riverdale of Brookline, Maugus of Wellesley, Allston Golf and the Newtowne of Cambridge.

REPUBLICAN RALLIES

Hon. Louis A. Frothingham, republican candidate for governor will be the principal speaker at the rallies to be held tomorrow evening at Newton Centre, West Newton and Nonantum. The other speakers will be Mr. Robert Luce, candidate for lieutenant governor, Congressman John W. Weeks of this city, Senator Mulligan. Representative George H. Ellis, State Auditor John E. White and others. The rallies will be held at Bray Hall, Newton Centre, Players Hall West Newton, and the Nonantum Boys club house, Nonantum.

ALDERMEN MEET.

Just to show what it could do when unhampered with committee meetings, the board of aldermen transacted all its business last Monday evening and adjourned in about three quarters of an hour. President Jones was in the chair and the absentees included Aldermen Calkins, Heard, Higgins, Leonard and Towle.

Hearings were held on petitions of the Edison Co for underground conduits in Beechcroft road, for poles in Gibbs st and Circuit ave., for taking land for sewer in Murray terrace, Salisbury road, Trapelo road and in private land and for the laying out of Bigelow road.

Mayor Hatfield sent in a veto of the vote revoking the liquor transportation permit of Domenico Guzzi and it was laid on the table. The veto was based on the ground that the board had no power to revoke such a permit. The mayor also sent in communications asking for a transfer of $50 to provide carriage hire for the board, relative to release to conform title to a former portion of Union street, recommending that the hours for voting at city primaries be the same as at elections, relative to widening Walnut street opposite the Newton Cemetery, relative to appropriations for repairs or purchase of new automobile for the city engineer, relative to rounding the corner of Washington and St. James streets, and notifying the board of the resignation of Edwin H. Rogers as Temporary Buildings Commissioner to take effect October 31st.

Notices were received from the Republican and Democratic city committees of their intention to participate in the city primaries on Nov. 21st.

Petitions of the N. & W. Gas Light Co to open certain streets for gas mains, and of A. L. Barbour for an auctioneer license were granted.

Petitions were also received from Alice L. Cushman for a common victualler license on Washington street, for Domenico Guzzi relative to revocation of permit to transport intoxicating liquor, from Mary Cullen claiming damages for personal injuries, from Walter Bathrick for abatement of street sprinkling assessment, from W. S. Higgins for laying out of Brooks ave., from the Telephone company for attachments on Clark street, from the Edison company for attachments on St. James st and Charlesbank road, from Dr. J. R. McLaughlin claiming damages for personal injuries and from Roxanna Quinn claiming damages for the death of her husband. Hearings on Nov. 6 were ordered on petitions of Charles F. Jones, Endicott road, and from A. D. Wheeler, Grafton street, for gasolene licenses.

On recommendations of committees, petition for street sprinkling on Boylston road was referred to the next city government, leave to withdraw granted the Edison Co for poles on Parkview ave, no action necessary reported on petition for concrete sidewalks on Austin street and underground conduits on Vernon street, pole locations on Gibbs st., relocation on Grant ave., attachments on Newtonville ave., poles on Floral st granted the Edison Co and attachments on Washington st., Melrose st., Rowe street, Commonwealth ave and Hollis street, granted the Telephone company.

Orders were also adopted calling the city election on Dec. 12, taking land and authorizing sewer construction in Murray terrace, Salisbury road and Trapelo road, laying out Bigelow road, and assigning hearings on Nov. 6 on rounding corner of Washington and St. James sts., and widening portion of Walnut street.

The appointment of Mr. Walter R. Forbush to be Public Buildings Commissioner to date Nov. 1st was confirmed with 15 favorable votes.

The board adjourned at 8.35 o'clock.

NEW PRESIDENT

The annual meeting and election of officers of the Newton Catholic Club was held Tuesday evening in the club's quarters, Washington street, West Newton. The meeting brought out a large number of members who were unanimous in the choice of Alderman George M. Cox and general manager of the Middlesex & Boston Street Railway as their next president.

The other newly elected officers were Joseph J. Curran, first vice president; Daniel Kenslea, second vice president; James McInerney, recording secretary; Joseph A. Edwards, financial secretary; Charles A. Laffie, treasurer and William Cahill, Richard M. Lyons, James R. Condrin, D. A. O'Donnell and George M. Cox, trustees.

After the election a business meeting was held and the new addition to the present quarters, which is now under construction, was considered It is expected that the new addition will be ready for occupancy early next month. The retiring president, Milo F. Hargedon, delivered a speech in which he thanked the members for their cooperation with him during the past year.

ANOTHER TEST.

The group of sawdust volunteers recruited by the Boston Elevated as candidates for the Middlesex & Boston Street Railway Company to test the various fenders and safety appliances to be used on the cars, tried out on Homer street Tuesday afternoon were sadly depleted as a result of the conflict. Following the test there was a trail of sawdust knocked from the dummies strewn along the tracks in front of the old car barns. There were seven different types of fenders tried and not one of them proved successful enough for the company to adopt for use on their cars. Later in the season another test with an addition of a number of new devices will take place.

Gen. Bancroft of the Boston Elevated, who was present with Boston officers of the Middlesex & Boston Co., expressed the greatest satisfaction with the particular device now being used in the latest models in service on his system. It is the basket-type fender, rendered doubly safe by wheel guards which prevent the body going under the wheel. This type is in use in Liverpool, England, where not a single death has occurred from such accidents.

LOOMIS—KIMBALL.

An especially attractive home wedding took place on Wednesday evening, October 11th, when Miss Nellie Lodena Kimball, of Newton, and Mr. Harold Goldthwait Loomis of Medford were united in marriage at the residence of the bride's parents, Mr. and Mrs. Frederick Mason Kimball, 49 Elmhurst road. The service was performed by the Rev. Charles L. Noyes of Winter Hill, for many years pastor of the bride's family.

The bride was attended by her sister, Miss Winifred Ross Kimball, as maid of honor, and Miss Margaret Hatch as flower girl. The groom was attended by his brother, Mr. Arthur T. Loomis of Lynn, as best man, while the ushers were Messrs Harold C. Haskell of Brookline, Gilbert B. Boyd of Worcester, Herbert F. Hatch of Newton Centre and F. Elmer Fenton of Reading.

The ceremony was followed by a reception at which relatives and intimate friends were present from many out of town points.

Mr. and Mrs. Loomis on their return from their wedding trip will reside in Belmont.

NEWTON CLUB

Over a hundred members and their ladies participated in the first "Neighborhood Night" at the Newton Club. Mixed Bowling was most popular. All alleys were in use, also the billiard and card rooms, while informal dancing was thoroughly enjoyed. At 10 P. M. a buffet luncheon was served. Each Thursday evening has been set apart for similar gatherings. Neighborhood Night has come to stay.

The Round Up of Saturday last was a great success. The music and refreshments filled out an evening at cards, billiards or bowling and everybody sang, led by the Choristers in charge of Mr. F. E. Mann. The topical songs written by Mr. Edwin Vose, a member, were greatly enjoyed, and the good-natured references taken by all in true club spirit.

Another Round Up is scheduled for Election Night, Nov. 7th when it is expected members of other local clubs will join in the merrymaking and receive returns by special wire.

The Bowlers are busy. A Goat Tournament has been started, also a Women's Tournament with eight teams of five each. Boston Pin rollers of Greater Boston have a high mark to reach if the score of Capt. Fritz Ely's team is to be beaten as recently made at this Club. In tournament bowling the five men put up the remarkable figure of 548 as follows—F. Ely 110; H. K. Ely 105; J. Loring 96; F. Harrington 109; Ald. Geo. M. Cox 137. Mr. Cox had seven spares and some hard luck at that. Reports of local scores indicate 450 a high average total and 548 is not likely to be exceeded on Boston alleys many times if it is indeed approached.

The Membership board is again filling up. The up to date and business like conduct of the club is bearing fruit and its usefulness as a Newton institution of influence is being better recognized than ever.

BAD FIRE.

The residence of Mr. Quincy A. Atwood, 645 Centre street, corner of Fairmont avenue, Newton, caught fire shortly before 7 Wednesday night and caused a damage of about $3000. None of the family were at home. When the alarm was rung in through some mistake box 31 was sounded and an alarm from box 13 a few minutes after causing some little confusion.

After a hard run for the horses up Centre-st hill Hose 1 was first on the scene. The firemen were told that somebody was in the house. The firemen made a vain effort to find any missing person.

The house is located in one of the best residential sections of this city and is costly furnished with rare bric-a-brac. The woodwork in the hall was all badly scroched and the furniture was blistered from the heat.

LODGES.

Boynton Lodge No. 20 U. O. of I. O. L. will hold a rummage sale at 8 Centre place Newton on Monday from 1 to 10 P. M.

Newton Council, K. of C. held a very successful whist party and dance Tuesday evening in Dennison hall, Newtonville, more than 400 being in attendance. Whist was enjoyed by 100 couples in an adjoining hall from 8 until 10, and dancing was in progress in the main hall from 8 until 12. The party was attended by many members of other councils, and the special guest was James A. Ryan, DD, of Allston. The party is the first of a series to be held by the local council throughout the winter.

The prizes to winners at whist were as follows: A tea set, Mrs. S. B. Hills, an umbrella, Miss Frances Fitzgerald, pipe, Thomas W. Mullen, pair of cuff links, S. B. Hughes.

The committee consisted of William J. Mullen, GK; D. H. Hannigan, Joseph Hargedon, George M. Cox, John Costigan, John F. Gallagher, John Buckley and John Monaghan.

SURPRISE PARTY.

Mr. Francis E. Jenison of Channing street, Newton, was agreeably surprised last Monday evening when a party of thirty-four relatives and friends gave him a visit in honor of his seventieth birthday. Mr. Jenison is a native and life long resident of this city and a member of one of its oldest families.

A MODEST MAID

By D. W. SPRINGER

Copyright by American Press Association, 1911.

My friend Mrs. Southwick wrote me to come down to her country place. She said she had an especial reason for asking me, but didn't tell me what it was. So one midsummer morning I took a train to make the visit. On reaching the station—I was not expected till an hour later—not finding a conveyance to meet me, I concluded to leave my baggage at the station and walk. Never having been to Mrs. Southwick's place before, I was obliged to inquire the way and was put on to a short route, at the end of which I could enter the grounds at the rear. On arrival I climbed a fence and walked some three or four hundred yards to a clump of trees, which was so inviting that I concluded to penetrate it.

Right in the middle there was swung a hammock, and in the hammock lay a young girl asleep.

Now, a young girl asleep in a hammock is a pretty sight at any time, but if pretty and in a shaded nook she is tempting. This one was very pretty. There was about her that relaxation artists love to get in their pictures and statuary. There was a slow heaving of her breast. Her mouth was partly open, showing a narrow line of ivory between a pair of pink coral lips.

Well, though the natural consequence of a young man seeing a girl thus defenseless before him is that he cannot resist the temptation to kiss her and get his ears boxed—not for his pains, but his pleasure—I will endeavor to describe what happened. I advanced a step at a time, and with every step forward I took ten backward in my resolution not to dishonestly steal what did not belong to me. I reached a point but a yard from the sleeper without waking her. She was slumbering so calmly that for some time I dared not proceed farther for fear of awakening her. Had she slept more soundly I might have been bolder. But while halting I was gradually filling with bravery—or recklessness. As soon as I had gathered enough courage for the purpose I advanced another step or two, halted, then bent down to see how near I could bring my face to hers without wakening her, then touched my lips lightly to hers.

Beyond a slight spasmodic movement she remained the same. Within a single moment I experienced dread and reassurance. The girl slept on, and I, having achieved my purpose, became suddenly conscious of the frightful risk I had run and was seized with a desire to escape the consequences of my offense. I withdrew as stealthily as possible and proceeded to the house.

I was received by Mrs. Southwick with a hearty welcome, and we sat down together on wicker chairs on the piazza. "And now that you are here," she said, "and while we are alone I will give you my reason for inviting you down. I have a wife picked out for you."

"A wife!"

"Yes, a very lovely girl, modest, unassuming, pretty—indeed, everything that is maidenly."

"And all this is for me?"

"Yes, but you must proceed with her very slowly. She is sensitive, pure. The least advance before an offer of marriage would undeniably shock her."

"For heaven's sake!" I exclaimed inwardly. "Suppose she should be the girl asleep in the hammock."

"It is this maidenly modesty," continued the go-between, "that is Edith's chief charm. I am sure that alone is enough to make you love her."

"I dare say," I replied, with proper politeness.

When I was presented to Miss Edith Greer I felt the guilt of Judas Iscariot welling up in me. I grew red and pale by turns. I stammered out a few words that didn't mean anything. I sat down before she or Mrs. Southwick had seated herself and jumped up as if I had encountered a tack on the cushion. Meanwhile Miss Greer stood with her eyes bent on the floor as if I were the first young man she had ever met. Mrs. Southwick came to the rescue by inviting us into the dining room for luncheon.

The fact that the young lady displayed no such embarrassment as she might have done had she been sensible of the kiss I had stolen, that she neither appeared shocked nor indignant, brought a return of confidence. I found her rather too unsophisticated; but, as Mrs. Southwick had said, her modesty was her chief charm. As I noticed this I shuddered at the enormity of my offense in pressing those pure lips with mine and gave frequent thanks that the piracy had not been detected.

Mrs. Southwick made the match she intended. The only difficulty in the way was that the young lady was so sweetly innocent that it seemed a sacrilege to me to propose to her. I finally got out a proposition, and, though at first she said she was too young and too inexperienced to trust herself to any man, since she regarded me the soul of honor she would commit herself to my keeping.

The denouement of a love story usually comes with a wedding. In this case it comes at a tin wedding.

"What a modest little thing you were, my dear," I said, "when we were married this day ten years ago!"

"Rats!" she exclaimed. "I was laying in wait for you in that hammock and was wide awake when you kissed me."

PARK THEATRE—How a shrewd manipulator may beguile the gullible public is most admirably demonstrated in George M. Cohan's greatest comedy success, "Get-Rich-Quick-Wallingford" which has proven the biggest hit ever presented at the Park Theatre, Boston. The universality of its human appeal is truly something wonderful. Based upon the celebrated "Wallingford" stories by Mr. George Randolph Chester, Mr. Cohan has evolved a unique farcical comedy that is screamingly funny, fairly scintillating with brilliant epigrammatic wit and clean-cut, wholesome humor. The unprecedented success of Mr. Cohan's brilliant satire on the "get-rich-quick" game, affords another indisputable proof of the fact that present day playgoers have shown a marked predeliction for laughs, first, last and all the time. Not so very long ago it was only the more serious forms of the drama that proved appealing, especially to the ladies, to whom the ideal offering was one that afforded a "real good cry", but the public taste is ever shifting, the farce comedies are the most popular offerings of the day, and "Get-Rich-Quick-Wallingford" is the premiere of them all. Boston is to be congratulated upon the fact that Messrs. Cohan & Harris are presenting the original and entire New York cast at the Park Theatre. The organization is a very large one, over 75 persons are required to present the play in a typical George M. Cohan manner. To neglect to see "Wallingford" would be to miss a rare treat, as it is universally acknowledged to be the one signal success of the century.

B. F. Keith's Theatre—Lillian Russell, "the queen of beauty and of song", will be the headline attraction at B. F. Keith's Theatre next week. As the leading lady of the Weber & Fields all-star music hall company and later as a legitimate star in "Wildfire," Miss Russell occupies a place all her own on the legitimate stage. During the week Mss Russell will sing several new songs, written especially for her, and wear some marvelous gowns. The novelty of the week will be Paul Seldoms Venus, a series of wonderful reproductions of living marble statuary of exquisite beauty. This troupe is composed of three men and Miss Erna Claren, one of the most perfectly formed young women in the world. The surrounding show will be fully up to the standard of those that have preceded it, including Jones & Deely, in "Hotel St. Reckless;" Van Hoven, the crazy magician; Cocoran & Dixon, singers and dancers; the Six Abdallahs, whirlwind Arabian acrobats; Barry & Halvers in "It happened at the Fountain;" Frolich, a new cartoonist; and others to be announced.

Tremont Theatre—"Madame Sherry" the operatic music box packed with popular airs that are being sung around the world, comes to the Tremont Theatre Monday evening, October 23. Lina Abarbanell, newly arrived from a summer spent in European study, will sing the title role. Chas. J. Ross and Elizabeth Murray will be featured. They will be supported by the clever comedy cast that carried "Madame Sherry along for a year's run at the New Amsterdam Theatre and an orchestra of twenty pieces. Among the principals at the Tremont Theatre will be Jack Gardner, Frances Cameron, Ignacio Martinetti and John Reinhard, and many other well known artists. The girls are all Broadway celebrities and each unites singing and acting gifts with rare personal beauty. George W. Lederer, who produced "Madame Sherry" believes that the day of the huge garish chorus, composed of nonentities, is over, and he has recruited a dozen peaches for the piece instead of the traditional two score lemons of musical comedy. "Every Little Movement Has A Meaning All Its Own" is the most popular song hit of the new century. "Madame Sherry" will be given the best presentation in this country by the Special Company which will be at the Tremont.

Hollis Street Theatre—Whenever the name of David Belasco precedes an attraction it is a beacon of assurance that the presentation is as perfect as brains, energy and capital can consummate, and whatever he does, he does thoroughly and accurately. This has been evidenced with lifelike fidelity upon every occasion a Belasco star comes to Boston, and another exposition of his wonderful technique is assured Monday night at the Hollis Street theatre when his popular and brilliant star Blanche Bates will inaugurate a brief two weeks engagement in her immensely successful comedy "Nobody's Widow," a deliciously clever composition that ran for 8 months in New York last season. Miss Bates has always been admired for her consummate art and earnestness in anything she undertakes, and her success as the widow has been attained solely by her wonderful personal charm intellectuality and histrionic ability. The production and appurtenances disclose the infinite artistry of David Belasco as a producer. The engagement at the Hollis Street theatre is limited to two weeks commencing Monday night, October 23rd, with matinees on Saturdays only.

Castle Square Theatre—For his first Shakespearean production of the season, Mr. Craig has selected the favorite romantic comedy "As You Like It," and it will be given at the Castle Square next Monday. This play is one that shows Shakespeare's skill at its highest, and with its clever plot involving the fortunes of Orlando and Rosalind and a half dozen other equally important characters, it has entertained the playgoers of many ages, ranging in time from the beginning of the seventeenth century to the present hour. To the character of Rosalind in Mr. Craig's production of "As You Like It," Mary Young will bring a winning personality and a joyous temperament, and it will place her in the forefront of Shakespearean actresses. As Orlando Mr. Craig will have a role to which he will give the buoyancy of youth, while the remainder of the cast will be carefully arranged from the personnel of the Castle Square players. The scenery and costumes will also be faithfully attended to.

SUNDAY CONCERT.

The Sunday evening concerts at the Castle Square have started off this season with every sign of renewing the popularity they gained last year. High class in every way, they offer the best form of entertainment to the many who delight in an evening's recreation. For the coming Sunday, as usual, the concert will last two hours and a half, and it will present as a program not merely the best and latest motion pictures, but also a half dozen specialty artists who are expert in their line. It is the intention of the management to give a good, clean, whole, entertainment and they appear to be succeeding in their endeavors.

Interest in the Faelten Pianoforte School recitals on Thursday evenings continues unabated, due no doubt in part to the many novelties on the programmes as well as to the excellent playing to which the audiences at these concerts have become accustomed. It is gratifying to note the enthusiasm and the evidences of earnest work on the part of the younger pupils in such a concert as that of last Thursday evening. Next week's concert will be given by advanced students, presenting a varied programme of classical and modern works, including Mrs. Beach's Suite Francaise, Opus 65, one of her latest published piano compositions.

One of the matters given considerable attention at the recent outing of the city government was the condition of our streets. The policy of our city government in the past few years in saving the tax rate by cutting down the estimates for street maintenance is now bearing full fruit and Street Commissioner Ross has a list of streets badly needing repair at a total expense of about $90,000. It is, of course, out of the question to expect to raise this sum of money from the tax payers of any one year, and two methods are suggested,—one of raising the whole sum on five year serial notes, paying $20,000 each year, or of making annual appropriations of $30,000 for this purpose. The latter course will postpone work on some of the streets until the third year, when the expense of repairs will be somewhat larger. There is a marked dislike to raising money for current expenses by a bond issue, and that is substantially what the five year serial proposition amounts to. It has its advantages, however, in allowing the work to be done at once, whereby all of our citizens receive uniform treatment, and it will add considerably to the attractiveness of our city, and so be a benefit in an advertising way. The problem is a serious one and deserves the gravest consideration by the city fathers.

Mr. Louis A. Frothingham, the republican candidate for governor has grown immensely in public favor since he received such an overwhelming vote at the recent primary. It has shown the people that he is the choice of the great body of voters and not of the so-called machine, and incidentally it has also indicated that the machine generally represents the popular feeling. In addition to this popularity, Mr. Frothingham has made great strides during the past week of the campaign by his evident sincerity and his ability to discuss the questions of state administration, for which his long service as Speaker of the House and as lieutenant governor has well fitted him. Contrast the Frothingham sincerity and modesty with the Foss egotism and ostentation, and the ordinary voter ought not to take long to decide.

Mayor Hatfield has done well to bring public attention to the excellent work done by City Engineer Rogers during the past few months as Temporary Public Buildings Commissioner. Taking this office after the death of the former incumbent, who had been ill for two years, Mr. Rogers has systematized the work, and given it the most careful attention, notwithstanding the criticisms of those who believed the office called for a man more acquainted with the practical details of building. The new Commissioner will find affairs in excellent shape, due entirely to Mr. Rogers good work in the department.

The veto of the mayor of the action of the board of aldermen in revoking a permit to transport intoxicating liquors, calls attention to the limited powers of the aldermen to act in matters of this sort, and will undoubtedly lead to greater care in granting this class of permits in the future. While the law automatically revokes a permit of this sort when its conditions are violated by the holder, it does not make the licensee responsible for the illegal acts of his employees.

CONCERT.

The first entertainment in the Y. M. C. A. course for this season was held in the new building last evening and consisted of a program of music by Miss Gladys Avery, soprano, a mixed quartet consisting of Miss Avery, Miss Margaret Wheaton, Mr. E. L. Avery and Mr. A. M. Russell, Rev. John Matteson of Auburndale gave several readings.

PRESTON'S CASE SETTLED.

Last Tuesday before Judge Dodge in the United States District Court, the case of Francis W. Preston, Jr., a former clerk at the Newton Centre Post Office was disposed of with a plea of "Nolo contendere." Over fourteen months ago. Preston was taken into custody on the alleged charge of larceny from the mails. Two months later, before Judge Dodge and a jury, the case was tried: and a verdict of not guilty was returned on the most serious charge of the indictment, and a disagreement on the other counts, after the jury had delibrated nearly five hours. At the trial several of the most prominent men of Newton and Connecticut, Preston's former home, testified as to his excellent character and reputation.

Since that time the case has dragged from court to court, until last Tuesday when the plea of nolo was accepted by the court and the case disposed of.

Preston's many friends rejoice in his vindication after a struggle which has lasted for over a year.

RECEPTION TO PASTOR.

Rev. H. Grant Person and Mrs. Person were given a reception on Wednesday at the Eliot church under the auspices of the Woman's Association of which Mrs. D. M. James is president. About 140 were present in spite of the inclement weather. Mr. and Mrs Person were assisted in receiving by Rev. Dr. and Mrs. C. H Patton and the guests were presented by the ushers, Messrs L D Towle, F L. Trowbridge, H W Jarvis, H C Fraser, H W Fitts and Dr H C Spencer. During the evening the church quartet rendered several selections and Miss Knight and Mr. Stone sang a duet. A trio of young ladies from the Conservatory of Music played during the reception. An excellent collation was served at the close of the formal program by an efficient committee of which Mrs. L. D. Towle was chairman. The deaconesses of the church, Mrs. William P. Ellison, Mrs Nathan Putnam, Mrs. Louis G. Stanton and Mrs. William A. Goodman, poured.

20TH ANNIVERSARY.

The twentieth anniversary of the Stebbins branch of the Womans Alliance of Newton Centre was observed Wednesday evening in the Unitarian church, an invitation having been extended to the men of the church to be present. Mrs. Harry F. Stimson, the president presided in her usual able and happy manner and introduced the speakers of the evening. Rev. Alson H. Robinson, the minister made a short opening address of congratulation and welcome and was followed by Mrs. Joseph H. Crooker of Roslindale, an ordained minister of the Universalist church. Mrs. Crooker made a most interesting address, giving personal reminiscences in well chosen words. Mrs. Stimson, the president, then gave a brief historical sketch of the Alliance, reading the names of the 59 original members Miss Marguerite Hinman, the church soprano, contributed greatly to the pleasure of the evening by her singing. The formal entertainment was followed by refreshments.

AMONG WOMEN.

The Review Club met on Tuesday at the home of Mrs. L. D. Packard with the secretary Mrs. Draper, Mrs. Knowlton presiding. It was decided that the entertainment to be given in January, by invitation of the Auburndale Village Improvement Society, should be a drama to be presented by the members of the club, the committee to be Mrs. Herron, Mrs. Fuller, Miss Peloubet, Mrs. Wells and Mrs. Hutchinson.

Mrs. Van Wagenen read a most carefully prepared paper on "The Development of the Morality Play." "Everyman" was presented with much intelligence by Mrs. Fuller, Mrs. Peloubet, Mrs. Rider, Mrs. Knowlton, Mrs. Herron, Mrs. Van Wagenen and Miss Peloubet. Mrs. Spaulding sang, Miss Julia Pickard playing the violin accompaniment and Mrs. Freeman the piano. The club meetings are proving most interesting and instructive

The next meeting of the club will be held on Tuesday Oct. 31 at the home of Miss Margaret Haskell on Vista avenue.

The C. L. S. C. will meet at the home of Mrs. Robert Clark, 73 Erie avenue on Monday Oct. 23, at 2.30 P. M.

The Monday Club of Newton Highlands celebrates its silver anniversary next Monday at the Newton Highlands Congregational church, at 2.30 P. M.

The Monday Club of Newton Highlands met this week at the home of Mrs. M. M. Griswold, 63 Columbus st. A paper on literature was read by Mrs. C. M. Melden; Mrs. G. A. Salmon read a paper on music, and Mrs. G M Stone spoke on architecture. The report of the federation was given by Mrs. Griswold.

The Presidents' conference of the Mass. State Federation will be held in South Boston on Saturday, Oct. 28 at 2 P. M.

An attractive social event of the week was the annual reception and tea of the Newtonville Woman's Guild held Wednesday afternoon at the residence of Mrs. Alex D. Salinger of Prospect avenue. In the receiving line were Mrs. Enoch C. Adams, Mrs. Alex D. Salinger and Mrs. Frederick J. Fessenden. The rooms were beautifully decorated with pink roses and a large attendance of members were present. The pourers were Mrs. L. C. Wadleigh, Mrs. E. P. Hurd, Mrs. J. H. Willey and Mrs. C. W. Rolfe. Mrs. W. C. Richardson, Mrs. J. L. Jellerson and Mrs. H. B Hackett served frappe.

The first meeting of the Newton Federation of Women's Missionary societies was held Tuesday afternoon in St. Mary's parish hall, Lower Falls. Rev. Francis Bingham White presided. The speakers were Miss Abbie R. Loring, a former president of the Mass. branch of the Woman's Auxiliary; Mrs. Francis C. Lowell the president; Mrs. Henry S. Macomber, treasurer of the Woman's Auxiliary united offering and Miss Josephine F. Bumstead, chairman of the work in Latin-American countries. The meeting was largely attended, each speaker arousing much interest in the work of the Auxiliary under her charge. President Lowell emphasized the need of systematic giving and of every member's canvass of the women of each parish by the women of the Auxiliary and the canvass of the members of the parish by the laymen's Missionary committee, to secure weekly offerings from all, as it had accomplished good results wherever tried. One million three hundred thousand dollars for Missions is what the Board asks for this year and it ought not to be a large sum for a church so rich as the Episcopal church is in numbers and ability. The next meeting will be held next month in Waban.

A Bazar will be held Tuesday and Wednesday, Dec. 5 and 6, under the auspices of the West Newton Women's Educational club, in Player's small hall, West Newton. A large variety of fancy and useful articles will be on sale giving an exceedingly fine opportunity to buy Christmas gifts. Will the ladies in the Newton's come and help us in the true spirit of reciprocity. The proceeds will be divided between the Club and Club house fund. Donations may be se to the hall Dec. 4 addressed to Mrs. Fred B. Young, 41 Central Avenue, Newtonville, Chairman of Bazar.

A CORRECTION.

The undersigned begs to call attention to an error in the wording of a circular recently sent out by members of Clubhouse committee of the West Newton Women's Educational Club, soliciting subscriptions to a Bazar to be held at a later date. The lines as it stands reads, "The Club House Bazar", and should read Club Bazar.

POINTERS FOR THE MOTORIST.

The Proper Way to Inflate a Tire.

Incorrect inflation is one of the commonest causes of tire deterioration and to inflate too much is just as bad as to inflate too little.

Over inflation not only subjects the canvas of the envelope to an unnecessary strain but also robs the tire of its resiliency. Thus, when running over an obstruction an over-inflated tire instead of absorbing the shock, transmits the full force of the jolt to the mechanism of the car.

First inflate the car to the proper pressure and then make tests from time to time to assure yourself that the air pressure is up to the standard necessary for a tire of the size used when supporting its maximum weight. If the pressure has decreased the cause may be readily discovered. The seat of the valve plug may not be perfectly clean, causing a leak at that point, or if the rubber washer at the base of the valve cap is displaced, the air will gradually escape. Then again, if pincers were used in tightening the valve parts, the screw threads may be damaged causing a leak.

Always inflate tires with air, never using gas. Carbone gas will pass through rubber thirteen times more quickly than air. In addition to the slight enlargement of a new tire after being in use for a few days a further natural decrease of pressure will follow due to the escape of oxygen in the confined air. This loss should be made up by the injection of more air. As this is done the percentage of nitrogen will be gradually increased and the liability of slow deflation will decrease in proportion.

The Michelin Tire Company of Milltown, New Jersey, publishes several instruction books on correct inflation and other important subjects. These are mailed free to motorists on request. One of the most useful features of these books is an inflation table showing the correct inflation for tires of different sizes and load capacities.

MR- JACKSON HURT

Mr. Samuel M. Jackson, one of the oldest and best known residents of this city was seriously hurt Wednesday morning at his home on Jackson street, Newton Centre. Mr. Jackson had been out of the house and had returned for breakfast, when in crossing the kitchen floor, he fell and broke his hip. He was removed to the Newton Hospital where he is reported as comfortable. Mr. Jackson is 88 years of age and a member of one of the old families of Newton. He served as a principal assessor for thirty years and has been a trustee of the Newton Savings Bank for nearly twenty five years.

LORING—GRAVES.

Mr. Charles Raymond Loring, one of the popular young men of this city was married last week Friday at the home of bride, in Pasadena, Cal., to Miss Marcia Lee Howard Graves, the daughter of Mr. and Mrs. Louis B. Graves. The ceremony took place at eight o'clock, the house being beautifully decorated in gold and white. The nuptial vows were given under a canopy of asparagus vine, with tiny gold baskets from the ceiling holding Japanese fern and tiny white flowers, while immediately over the bridal party was a large gold basket filled with feathery white chrysanthemums, and held in place with a large bow of yellow ribbon. The rooms were banked with yellow chrysanthemums and roses with white satin covered posts and aisle of ribbon.

The ceremony was performed by Rev. Alan R. Tillinghast of the Universalist church, the bride being given in marriage by her father. The bridal gown was of ivory satin over white messaline with court train, pearl ornaments and trimmings, rare rose point lace, which had been worn by three generations, the veil was caught with orange blossoms and fell the ful length of the train. She wore a rope of pearls and pendant, the gift of the groom and carried a shower boquet of brides roses, lillies of the valley and maiden hair fern. Miss Dorothy Graves, her sister, as maid of honor wore a gown of imported white silk hand embroidered and cut in empire style with sash and carried a boquet of whtie chrysanthemums. The bridesmaids, Miss Madeline Harris and Miss Anita Hertel of Pasadena were in yellow marquisette over yellow messaline and gold fringe, with tiny yellow roses with embroidered vines and leaves and carried yellow chrysanthemums. Little Miriam Morris, the ring bearer wore a daintily trimmed lace frock and carried the ring in a gold basket. Mr. Edward O. Loring of Newton, brother of the groom, was the best man and Mr. Robert Phelps and Mr. Theodore Phelps of Los Angeles were the ushers.

A reception followed the ceremony, Mr. and Mrs. Loring being assisted in receiving by Mr. and Mrs. Graves, the latter wearing an imported pearl white hand embroidered silk crepe gown with family jewels and ancestral lace.

Mr. and Mrs. Loring will take a wedding trip thru southern Europe.

One of the most interesting of the wedding functions was a luncheon given the bridal party on Thursday by Mrs. Louis B. Graves. At this luncheon Mrs. Graves read a poem written by Miss Emma Willard, in 1840 a relative of the bride, whose name has been closely connected, since the early part of the century with the cause of female education. The poem relates how the third great grandfather of the bride took a stand on his wedding day when some of the guests attempted to steal his bride, which resulted in abolishing the old time and vicious custom of bride stealing. At the close of the luncheon, a toast was given to the bride and groom in a few drops of punch held in tiny liquer glasses bearing the bridal monogram and date of marriage, the glasses being kept by the guests as souvenirs. The punch was presented to the bride's grandfather at a dinner given to Abraham Lincoln in honor of his election as president by Mr. Gideon Wells, afterwards secretary of the navy. At that dinner each guest was given a bottle of punch and this is the first time the bottle had been opened since it had come into the possession of Mrs. Graves, and it was immediately sealed for the furture. Portraits of Lincoln, Wells and the brides grandfather and historic documents were among the decorations of the room. The toast was the wish that the spirit of the great promotor of good towards mankind might be with the bridal party upon this occasion and bring prosperity and happiness to all.

PLAYS TIE GAME

Newton and Somerville High Schools football teams afforded the 4000 persons who attended the game on Claflin Field Tuesday afternoon one of the best exhibitions witnessed on any High School Field this Fall, and when the final whistle sounded the score was 2 to 2, each team making a safety.

Although the Somerville High gained more ground than the local team, Newton High showed better football than many of the spectators thought it possessed. In general, the teams were so evenly matched that the outcome was a fitting one and the fact that it played the Red and Blue to a tie was almost as good as to win for Newton.

One thing that must be taken into consideration is that Newton High had not played since Columbus Day, while Somerville High had a hard game last Saturday with Waltham, and its players were pretty well used up for Tuesday's match.

Somerville may thank Harold Leland, its left halfback, that it escaped with a tie score, for it was he who overtook Kenneth Tucker of Newton in the first period after the latter had intercepted Park's forward pass and carried the ball back 80 yards. It was the best play of the game and both Tucker and Leland came in for a lot of applause. Had it not been for Leland's tackle Newton High would have scored a touchdown, as there was no other Somerville player within 30 yards of Tucker.

That Newton's line was superior to Somerville's was shown by the manner in which it checked the repeated attacks made outside the tackles. Repeatedly Somerville's backfield players could not get beyond their own line before the Newton players were through and nailed them for losses.

Brady of Newton tried a goal from placement in the second quarter, which was blocked cleverly by H. E. Merrill. In the third quarter Brady blocked one of Garland's punts, and Roquemore recovered it on Somerville's 30-yard line. But Somerville made a stubborn stand and held Newton for downs.

Newton's safety came in the first period, when Sam Cohen made a bad pass to Bob Garland and the latter failed to use good judgment. The ball rolled over the goal line and Garland touched it down instead of attempting to run it back, although there was no one anywhere near him.

Somerville tied the score in the fourt period. Garland punted from the centre of the field over Whitney's head the latter chasing the ball and touching sending it over the goal line. He recovered the ball back of the goal line it and had taken two steps when the whistle blew, stopping the forward progress of the ball as Whitney was in the arms of Jack Davis on the goal line: this gave the Red and Blue its two points.

The safety seemed to instill new life into the Somerville players and they went into the battle harder. The backs tore off several good gains, but Newton's line and secondary defense kept Somerville away from its goal line.

BARN PARTY.

Several hundred people thronged Odd Fellows' Hall, West Newton, Monday evening, the occasion being the annual barn party given under the auspices of the St. Bernard's Aid Society. The hall took the appearance of a barn arrayed with hay, straw and vegetables of all kinds and with the large number in costumes made the scene most attractive. A large number of special guests were present including officers of th society, Rev. Fr. John F. Kelleher pastor of St. Bernard's Church, and Rev. Fr. Charles J. Galligan and Rev. Fr. Francis J. Cronin.

The fun began with a grand promenade made by those with costumes, after which the prizes were awarded by Rev. Fr. Keliher to the best dressed men and ladies. The first prizes were captured by Miss May Twomey and Joseph Curran and second prizes were won by Miss Zella MacGrath and Edward Dooley. What the prizes consisted of was unknown to those present until opened, revealing rakes, brooms and other handy articles used around a barn

Following the promenade dancing was enjoyed by a large number, and during intermission refreshments were served in the hayloft.

ACCIDENT.

An automobile owned by J. E. Whiting of Whitinsville and driven by M. J. Ford and containing Mrs. Whiting and Mrs. Mansfield came into collision with a post on Washington street, Auburndale Tuesday morning, demolishing the car and painfully injuring the occupants with the flying glass. The car was proceeding along Washington street toward Newton, when at the corner of Woodland road another machine in turning the corner forced the chauffeur to run his car into the post to avert a collision. Mrs. Mansfield was removed to the Newton Hospital and her several cuts dressed and was able to leave the hospital later in the day.

Castle Square Theatre—Both as a play and a novel "The Right of Way" has gained not little celebrity It is dramatized by Eugene Presbrey from Sir Gilbert Parker's story of the same title, and it will be given by Mr. Craig at the Castle Square next week for the first time on that stage. The plot, as many will remember, deals with no little skill with the progress of a man of talent from evil to right living. Mr. Presbrey has made the best possible use of the incidents and characters, and in every scene and act it gives the frank appeal of plausible and life-like melodrama. The cast of "The Right of Way" is a long one, and the leading roles will be played by Mr. Craig and Miss Young, with the other roles carefully apportioned among the several members of the company.

POLITICAL NOTES.

The Democrats held a largely attended rally last night in the Wade School Hall, Upper Falls. The speakers were Ex-Congressman Joseph H O'Connell, Senator Roger Sherman Hoar, T. D. Murphy, Daniel Buckley and John C. Madden, candidates for Representatives.

NEWTON CLUB

Hallowe'en Night, Tuesday, Oct. 31st, will be marked by the first formal dance of the present club season. Preparations are making for an unusually large attendance. The matrons will be Mrs. Chrles F. Daniels, Mrs. Herbert K. Hallett and Mrs. Edgar S Barker.

The house was well filled Tuesday evening last, Neighborhood Night, and each week proves the popularity of these evenings. As usual the bowling alleys received the larger attention among the departments, but the billiard and pool rooms were also well patronized by both men and women.

Prize winners were Mrs. E. H. Squire, Mrs. H. J. Nichols and Mrs. O. W. Walker. Mr. H. J. Nichols and Mr. F. W. Toole also won 3 string and high single with 320 and 140 respectively.

The Goat Tournament has begun on the alleys, the Grand Goat prize to be given the member holding the greater number of Goat Medals at the close of the contest.

MR. BOYDEN DEAD.

Mr. Merrill Norton Boyden, for many years a resident of this city, died suddenly Tuesday at the home of his son Mr. Ernest N. Boyden, 54 Page road, Newtonville, due to natural causes. Although Mr. Boyden had been in illhealth for some time, his death, however, was unexpected. Mr. Boyden was conspicuous for many years as custodian of the Bostonian Society in the old State House at the head of State street, Boston, and his genial face and accommodating spirit were familiar to thousands, not only to Bostonians, but to residents of every section of the United States. He was born in Rutland, Mass., 81 years ago, and during his long residence in this city was a prominent member of the Newtonville Methodist church.

Mr. Boyden is survived by two sons, Mr. Ernest N. and Mr. Charles Boyden.

Funeral services were held yesterday afternoon at his late home on Page road, in charge of Rev. James W. Campbell of the M. E. church and the interment was at Newton Cemetery.

PLAYGROUND NOTES.

Last Saturday morning two football games were played. The Acorn A. A. defeated the Newton High School Freshmen 11-0, in the first game. Then the Hustlers won from Auburndale 5-0, playing in the rain.

The Rustlers traveled to Waban and won from the home team by a score of 38-0.

The Acorn A. A. and the Hustler teams would like to arrange games with teams averaging 135-140 lbs. (actual weight). The Rustlers challenge all teams averaging 100 lbs. Address Fred'k D. Eichbauer, Playground Director, Newton Centre.

The Soccer game scheduled for last Saturday was called off on account of rain. On the 28th the Newton Centre team will play Brookline Gym. at Brookline.

REAL ESTATE.

William J. Cozens has leased for Frank A. Schrimer the upper apartment of his new two apartment house at 1590 Centre Street, Newton Highlands to Fred S. Hinds of Hull, Mass. who will occupy immediately. Mr. Hinds is a mill architect and engineer having his office at Milk Street, Boston.

A PROTEST.

May I make protest of the annual custom of burning of leaves in the streets of the residential parts of the City of Newton? Our houses are duly freshened outside and inside and we ask for the City's protection of the same. Prohibit this method of City's "Cleaning up" and order the contractor to cart off the leaves to a compost heap wherewith to fertilize the city's lawns next year, and we would suggest that with the remainder of extra profits the city maintain a protection to its citizens at the junction of trolley R. R. in Nonantum Square, now a menace to all pedestrians, the most used and the least cared for in the city.

The Boston Herald

Said Editorially:

That Shawmut avenue woman who, on discovering a suspicious looking man in her house, first chatted with him and then called the police by telephone, did the prompt thinking of which the police would like to see more evidence. The police stations have facilities for sending a policeman or a squad of them to any place at short notice. A telephone call is all that is needed to set the force in motion. Many housewives forget at times that the telephone is about the best kind of watchdog they can have.

Herald Oct. 10.

In emergencies, when police, doctors or firemen may be wanted, the telephone is the quickest and most trustworthy messenger.

Waban

The Beacon Club, Waban's "Get together" organization held its initial meeting for the season Wednesday evening in Waban Hall nearly one hundred members and guests being present to listen to a talk on "Beyond the Artic Circle" by Mr. Donald B. MacMillan the well known explorer who accompanied Lieut Peary on his successful quest of the North Pole.

They were an enthusiastic audience and with cause for the lecture was one of the best ever given before the club. Mr. MacMillan not only being a complete master of his topic but a charming speaker as well, telling his story in a most interesting and effective manner. His lecture was illustrated by excellent slides. Mr. MacMillan carried his hearers from New York to the pole and back, with the party of brave adventurers on board the Roosevelt, describing each part of the journey graphically and in detail and after his formal talk was finished answered a rapid fire of questions informally for an hour more while the members were enjoying a repast of sandwiches, apples doughnuts, cider and beer, throwing many side lights on the life in the frozen north. He returns thither next spring for 2 years exploration.

An Invitation

MR. FOSS is respectfully invited to interview, personally, every shoe manufacturer in Massachusetts and then report honestly just how many of the entire number fail to concur with John S. Kent, President of the Brockton Shoe Manufacturers' Association, who said in a recently published interview:

"As at present managed, the United Company is entirely fair to the Shoe Manufacturers of the country. The Company uses all exactly alike and the policy pursued IS A DIRECT PREVENTATIVE OF MONOPOLY IN SHOE MANUFACTURING and is an encouragement to the small manufacturer to go into business."

"It seems to me that opposition to the machinery company comes largely from parties who are disgruntled for personal reasons. The few who start the opposition movement are men, as a rule, who have been turned down by the Company on some inside agreement which they desire in order to give them an advantage over their rivals. And BECAUSE THE COMPANY TREATS EVERY MANUFACTURER, LARGE AND SMALL, EXACTLY ALIKE THEY OPPOSE IT and political pressure is brought to bear to interrupt and discommode business."

TOBEY—BAXTER.

The wedding of Miss Ella Wilson Baxter, daughter of Mr. and Mrs. James Baxter of Concord street, Maynard, and Mr. Arthur Franklin Tobey of Jefferson street, Newton, took place Tuesday evening October 24 at the Union Congregational church in Maynard. The church was beautifully decorated with pink and white chrysanthemums, palms and ferns and was occupied by about 175 relatives nad friends of the bride and groom. Rev. F. M. Rutan performed the ceremony. The bride was gowned in duchess lace over white satin and carried a boquet of bride roses and lillies of the valley, and was attended by Miss Irene Martin as maid of honor, and Mr. Alvin Baxter brother of the bride, was best man. Mr. Jesse Cox of Newton and Mr. Wilson of Watertown, were among the ushers. After a wedding trip to Niagara Falls, Mr. and Mrs. Tobey will reside in Newton and will be at home to their friends at 26 Jefferson street after January 1st.

"It is evident that many parents instill into the minds of their children two distinct codes of behavior, known as home manners and company manners", writes Margaret Woodward in Suburban Life for November, in a strong article on "The Suburban Woman and the Problem of Manners." "In the citadel of home, and surrounded by those who will bear and forbear, many children act like Hottentots, who, when abroad, are polite. Good manners worth the name should be practised at home if anywhere. We have not improved very much over the quality of manners which were in vogue a generation or so ago. Do you remember the prompt obedience expected of children? The deference to one's parents? And, best of all, the saving gift of silence when older people were talking.

WOMEN'S CLUBS

EDITED BY MISS GRACE M. BURT.

In opening the Women's Clubs column for another season the Club Editor extends greetings to the club women of the city one and all. May the year be one of pleasure, success and profit to all. Contributions in the way of club notes are earnestly solicited that the column may be of interest and value to its readers, and that the record of club events may be as complete as possible.

The Monday Club celebrated its twenty fifth anniversary on October 23 in the parlors of the Congregational church, Newton Highlands. At three o'clock the President, Mrs. Clara T Bartlett gave a few words of greeting and then introduced the "club Mother", Mrs. George G. Phipps, who first organized the Monday Club in 1886. After her congratulations and good wishes had been most gracefully given, the program of the afternoon was opened with music by the Utopian Orchestra of Chelsea. Miss Grace Hilton Chamberlain then gave several original monologues which highly entertained the audience with their portrayals of every day people. The orchestra also played during the reception which followed. Refreshments were served from tables decorated in yellow, the club color.

There was a large attendance of members, former members, guests from neighboring clubs and of Greater Boston. A charming letter of regret was received from the State President, Mrs. Henry C. Mulligan, whose presence was demanded elsewhere.

The meeting of the Monday Club Oct. 30, will be with Mrs. Mick, 559 Parker street, Newton Centre. A full attendance is especially desired.

The Social Science Club will hold its first meeting at Hunnewell Club, Wednesday morning, Nov. 1 at 10 o'clock.

Mrs. Taylor and Mrs. Wilkins will speak on "The Centralization of Charitable and Social Work in Newton."

Guests may attend at 11 o'clock.

CONFERENCE OF PRESIDENTS.

By courtesy of the Mattapannock Club of South Boston the Conference of Presidents of the Massachusetts State Federation will be held in the Hawes Unitarian Church Broadway, South Boston, on Saturday, October 28, at 2 P. M. In addition to the president one official and one unofficial member of each club are invited.

"The Ideal President from the Viewpoint of the Club and from the Viewpoint of the Federation" will be the subject for discussion. Take any City Point car to G Street.

AUTUMN MEETING.

The Autumn Meeting of the State Federation will be held in Haverhill on Thursday, November 16. Since the printing of the announcement sent to each club arrangements have been made for special cars on the 8.55 A. M. train from the North Station. There will also be special round-trip tickets at $1.12, instead of $1.50 as previously announced, which can be purchased on the train from the Meetings Committee, not from the ticket office, and which are good only on the 8.55 train. The general subject for the meeting will be "Civics". A detailed notice of the program will be given later.

The Civil Service Reform study class will meet at the Boston Public Library on Saturday, November 4, at 10.30. Mr. Edwin A. Shaw, principal of the Natick High School, will take charge of this meeting. Subject: "Town and City Governments; their Organization and Administration."

The Social Science Club will open its season with a business meeting on November first at the Hunnewell Club.

NEW HAMPSHIRE FEDERATION FIELD DAY.

It was the Club Editor's good fortune to attend the Field Day of the New Hampshire Federation of Women's Clubs at Lancaster, New Hampshire, on Septembeer 20 and 21. Ample provision for the entertainment of the guests was made by the hostess, the Unity Club, both hotels and rooms in many private homes being called into use. The first evening's session consisted of formal greetings from the president of the Unity Club followed by an entertainment of music and readings and a reception under the direction of the hostess. The Lancaster women outdid themselves in their hospitality and in their efforts to make their guests at home.

On the following day the convention proper was held in the auditorium of the Methodist church. Here matters of business were transacted and reports from individual clubs were listened to with much interest. The numbers being so much smaller time can be given to hearing from particular clubs and there was also a cosiness and informality about the meeting that is impossible in Massachusetts. The visitor from Massachusetts felt very much at home for the problems were those of her own state and the earnestness to do something worth while was just as evident as it is here. Civic betterment, uplift along educational lines,—and much is needed in New Hampshire—the forestry problems and many others are being attacked by these New Hampshire clubs. The clubs in Concord have succeeded in securing the closing of the stores on Monday evenings, so that now the clerks are obliged to return to work but one evening in the week. The clubs began by asking that the stores where women clerks were employed be closed, since it had been ascertained that the profits of that evening's sales were very small. When this was done the men in the other stores made the same request and the result desired was accomplished. The men of the city agreed that this could not have been done by them for certain of the shopkeepers would have been suspicious that some other firm had an axe to grind. Whereas the women had nothing at stake.

Summer visitors to the White Mountains, who chanced to pass through Berlin this year, noted its improved appearance over that of a few years ago. Here the woman's club has been at work in various ways and among other things it placed waste barrels about the streets and at length secured the weekly collection of rubbish by the City.

It would not be possible to give any adequate account of what all the clubs have done, but these examples serve to show that the women of New Hampshire are awake to the needs of their state and are just as anxious to improve conditions as we are here.

The afternoon was left free for excursions and many availed themselves of the perfect autumn day to enjoy the rare mountain views and the gorgeous foliage which attains a brilliancy unknown in the lower altitude of Massachusetts.

The convention was closed that evening with a lecture by Edward T. Devine, editor of The Survey, on "The Social Worker's Program."

Many of the visiting women left town early next morning, but quite a number remained until afternoon in order to join in a conference on matters relating to the club work.

The Federation is particularly fortunate in its president, Mrs. Nellie F. Woodward of Nashua, who presided for the first time at this meeting.

The first meeting of the Executive Board of the Newton Federation was held on the sixteenth when plans for the winter were considered. Owing to illness and bereavement Mrs. J. H. Pillsbury the president was absent and her place was taken by Mrs. G. W. Wilkins, first vice-president, who will continue to carry on the work of the Federation during the fall.

The Autumn Meeting will be largely social and will occur sometime in November, the date to be announced later. The Social Service Committee reported that they have had continual calls for assistance in one way or another from tuberculosis patients and that they soon expect to open the dental clinic. Another work which the committee has at heart is the establishment of a central bureau of Newton activities through which it is hoped to unify the philanthropic and charitable work of the city and thereby prevent overlapping and to provide for the continuance of these activities during the summer when so many of the volunteer workers are away from the city. The committee desires a hearing at the meetings of the clubs to present the matter that some feasible plan of action may be agreed upon. The Education committee will continue its work for playgrounds and school gardens and enter upon anything else that seems advisable to undertake.

AN INTERESTING EXHIBIT.

One of the largest and most impressive exhibits at the New England Educational and Industrial Exposition now being held in Mechanics Building, is that of the United Shoe Machinery Company. This exhibit shows the progress of the making of Goodyear Welt Shoes from the raw material to the finished product. A large area of floor space is covered, and the whir of machinery and busy workmen makes a very factory-like appearance.

The progress of the shoe industry in the past ten years has been most rapid. At the present time there is no important process in the making of shoes that is not performed by machinery more accurately, rapidly and economically than would be possible by hand, and it is very interesting to watch the development of the shoe in passing from one machine to another. Every detail of the method employed in making shoes by the Goodyear Welt Process is shown.

Every machine adds something to the comfort, durability and appearance of the Goodyear Welt Shoe; and a practical duplication of the machines and methods here employed will be found in every shoe factory the world over where the highest grade of shoes is manufactured, for shoes made by the Goodyear Welt system are universally recognized as being without a peer in all the qualities which make a shoe desirable.

As a shoe is made either a comfort or a torment in the manufacturing process, the details of its construction cannot fail to interest and in the future the words "Goodyear Welt" will have a definite meaning to everyone who has seen this exhibit.

IN MEMORIAM.

In the unexpected death of Emma R. Waters wife of Samuel N. Waters, West Newton has sustained a loss which will be felt in many circles. Mrs. Waters has been a resident of West Newton for about 40 years and a member of Lincoln Park Baptist church during that time taking an active part in the Sunday School work and serving as treasurer of the Ladies' Missionary Society for many years. One virtue among others possessed by Mrs. Waters was her unquestioning unwavering faith in the Bible and God's Providence. She has been a faithful member of the West Newton Womans Christian Temperance Union serving as president part of the time and always honored with office, her heart and hands in the work She was also a member of the Executive Board of the Womans Educational Club of West Newton and in her relations with the club her Christian character was recognized and appreciated. It was always a pleasure to meet her on account of her sympathetic nature and graciousness of manner which made her beloved by all who came in contact with her. N. B. R.

The people of this vicinity have been witnesses during the past ten days to the fact that an educated man, a member of an honored and respected profession, has been arraigned, tried, convicted and almost executed for a capital crime, without due process of law and without the slightest opportunity to defend himself. Public opinion has already decided that the accused person is guilty and public opinion has been formed exclusively from sensational and highly colored newspaper articles, written in response to a vulger craving on the part of the public. The details which have been given in most of the Boston newspapers have been positively sickening. And what reason have we, after the exhibition of last week to condemn that mob spirit so often manifested in the South.

The attempts on the residence of Mr. Edmands at Chestnut Hill should receive the heartiest disapproval of every decent citizen. The actions of the police officials on that occasion indicate an entire disregard for personal rights and for the proper observance of the law, and the insatiate curiosity of the public at that time and since, is a sad commentary on twentieth century civilization and decency.

As election day approaches, the campaign for governor waxes warmer. I am sure that those Republicans who voted for Mr. Foss last year as a "protest" against certain tendencies of their party, have seen the error of their ways and are prepared this year to vote for a man who will uphold and not defame the good old Commonwealth, who will decide matters with a view to the good of the state and not on its effect on his political future, and who will not consider himself above the law of the state. If there are any Republicans who still believe as they did last year, it should be only necessary to call their attention to the neglect of Governor Foss to comply with the law requiring all candidates to file statements as to primary expenses, and to his recent action in attempting to run the Executive Council as certain Democratis politicians ran the so called Springfield convention of flagrant memory. These two incidents, possibly trivial in their relative importance, clearly indicate that Governor Foss is a man who considers himself above and beyond either the laws of the state or the ordinary limits of courtesy.

Our correspondent this week calls attention to the annoying custom practised by city officials and private citizens, of burning up the dead and dried leaves to the great discomfort of all who reside in the vicinity. Let every citizen take the lesson to heart.

B. F. Keith's Theatre—The genuine novelty of the theatrical season is promised for next week at B. F. Keiths Theatre, when Boston will get its first glimpse of Max Hart's new production "Everybody." Like "Everywoman," its predecessor on the legitimate stage, "Everybody" is a modern morality play all the characters in the story being symbolical, and while the locale is laid in New York City, it is applicbble to a peculiar phase of American life found in every city, and is of intense human interest. There will be also Earl Reynolds and Nellie Donegan, the roller skating experts will appear in an original novelty: Bixley & Lerner, "The Caruso and Melba of Vaudeville," will appear in their musical comedy: Rose Royal and her beautiful horse will offer a splendid equestrian number, and other big features are Ed Morton, the singing comedian; O'Brien, Havel & Kyle, in their comedy dancing knockout; Dare Brothers, muscular marvels; and others yet to be announced.

Boston Theatre—With all of the opulent splendor of the Orient, the magnificence of Rome in her most glorious days, and the beauty of tropical settings, "Ben-Hur" will return to the Boston Theatre, Boston, on Thursday evening, November 2nd, for a limited engagement. Klaw & Erlanger, the owners of this wonderful piece of theatrical property, have this season given it a production which in magnitude and spectacular grandeur will out distance any production ever before seen on the American stage or perhaps in the theatres of any country. In selecting the cast to present the Wallace-Young drama in the midst of this suberb environment Klaw & Erlanger have chosen Richard Buhler for the title part. Mr. Buhler is a young actor of great physical beauty, his type ideally fitting the role of the young Hur. William J. Kelly, one of the most popular of the New York leading men will be the Messala in the fine cast, and Oscar Adye, one of England's best actors, comes from London to enact Simonides. A chorus of more than 150 trained singers will render the special music written for "Ben-Hur" by Edgar Stillman Kelley, and an army of 400 trained supernumeries will fill the scenes where crowds are necessary. The engagement of "Ben-Hur" at the Boston Theatre is a limited one. During the season matinees will be given on Wednesdays and Saturdays each week.

A miserable-sinner-looking clergyman sought advice of an experienced preacher, and was told, among other things, "If you are preaching of hell, your ordinary expression of countenance will do; but, if you preach of heaven, I should try and look a little more cheerful."

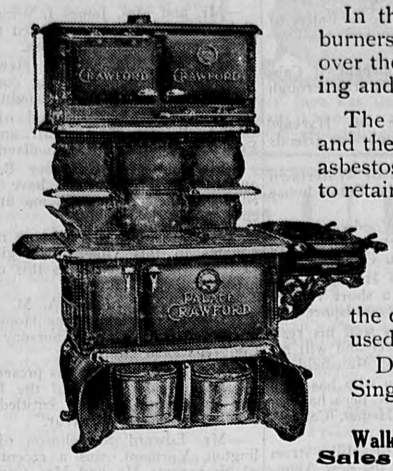
ARTHUR G. HOSMER, Chairman.
HOWARD EMERSON, Secretary.

Combination Coal and Gas
Crawford Ranges

The Crawford Gas Ovens are *safe*. They are lighted in a new way; there is no dangerous pilot light and *explosions are impossible*. This improvement is patented and very important.

The **Damper** is *automatically opened* by opening oven door to light the burners, which cannot be lighted *until the door is opened.*



In these Gas Ovens there is an extra set of burners at the top for broiling; a great advantage over the ordinary gas oven, insuring better broiling and great convenience.

The Oven Bottoms and Racks are cast iron, and the outer walls are triple—an interlining of asbestos between two sheets of iron, which assists to retain the heat.

The use of these Gas Ovens does not interfere in any way with the operation of the coal range—both can be used at the same time.

Double Oven above or Single Oven at end of range.

Miss S. HARRIET ROBBINS
pupil of Fraulein Marie Prentner of Vienna, will teach in the Newtons, Wednesdays and Saturdays. Class or private lessons as desired. Apply Mondays 3 to 5, 18 Huntington Avenue, Boston, Room 25 or by letter to same address.

I hereby certify that Miss Robbins studied with me four years, and owing to her industry, thoroughness and earnest efforts, made remarkable progress in tone production and musical development.
Her understanding of technical studies, and her gift of imparting to others, as well as her enthusiasm for teaching, preeminently qualify her for the teaching profession.

This is Our Specialty

This is an age of specialists, and the most efficient service in any particular is given by men who have had a lot of experience in that line.

The specialty of this bank is handling the banking business of wholesalers and jobbers in shoe, leather wool, textile and other lines.

While we do a general banking business and are fully equipped for it, we are prepared to give special attention to the banking needs of the lines of trade above mentioned.

The convenience of our location with reference to those branches of business is also a strong argument in favor of our ability to give especially good service in the direction indicated.

THEATRES.

Plymouth Theatre—After a year's successful run at the Wallack's Theatre in New York, "Pomander Walk," Louis N. Parker's delightful comedy opens at the Plymouth Theatre, Boston, on next Monday evening for the first time in this city. The play scored one of the biggest hits in New York last season and there is every reason to believe that it will achieve as great if not a greater success in Boston. "Pomander Walk" is a cheerful, refreshing and delightful little comedy, that will surely please you, from first to last, or nothing on earth can please you. It is one of those plays that sends you out of the theatre thinking that, after all, life is worth living. It is an exquisite play full of quaint charm and humor. In fact it is almost impossible to convey to the reader an adequate idea of the magnetic charm of this delightful comedy. The management of the Plymouth Theatre is making a special feature of paying strict and immediate attention to mail orders.

There will be nothing inauspicious in the 18th week of the Coronation pictures at Tremont Temple, which begins on Monday. These pictures are no ordinary motion picture display. They are the very latest outcome of science, and they show all the leading events, processions, ceremonies, naval reviews, etc. in colors and in motion exactly as in actual life. Many scientists have proclaimed them to be one of the wonders of the twentieth century. They will be given twice a day at Tremont Temple, lecture by Eugene Farnsworth.

The Sunday Evening Concerts at the Castle Square have started off with every promise of continued success. For the fourth one to be given next Sunday with orchestral music and a descriptive evening a program of unusual varied excellence has been prepared, high class in every respect. It will appeal to all who are seeking refined diversion and it will include several specialty artists as well as a variety of new and unique motion pictures. The entertainment continues two hours and a half, the overture begins at 8 O'clock.

Y. M. C. A. NOTES.

Under the direction of Jos. A. Audet a mandolin and guitar club is now being organized at the Y. M. C. A. Rehearsals will take place Monday evenings beginning October 30. The object of this club is to promote an interest among the players of these instruments. It is a well known fact that many a business man has played some instrument while at college and has not kept it up. This club provides an opportunity for men who like to pick a banjo, mandolin or guitar to get together and play once more. Anyone interested, whether a member of the Association or not, we should be glad to have attend this first rehearsal.

The first moving picture show will be held in the new building on Monday, November 6th. It will be given by the Studebaker Company. Every detail in the manufacture of an automobile will be shown and explained. Films showing automobile races will also be shown. Both men and women are cordially invited to take advantage of this opportunity.

Forty five men have entered for the bowling tournament. There will be a meeting Wednesday evening to choose the teams. A great interest in bowling is manifested among the members.

The committee on billiards and pool tournament have posted a set of rules governing the contests and entries are now being left at the office for this tournament.

The first number of the entertainment course was a great success. The second number comes on November 16th and will be given by the Lotus Male Quartet. Tickets for the remainder of the course can be secured for $1.25. Single admission tickets are .35 each.

Membership in Boys Department 391. Mens Department 730. Total 1131.

Physical Department.

On November first we have arranged to have an exhibition of swimming by the B. G. A. swimming team. The Physical Director has also arranged an exhibition of swimming by the Brookline Swimming Club which will be given December 6th.

A Basket Ball schedule is being prepared and also plans to have several athletic meets. The first call for candidates for the Basket Ball men will be issued for next Wednesday evening at 8 o'clock. Those wishing to try out for first or second teams must present themselves at that time.

Working boys under 18 years are invited to witness the Employed Boys class on Monday and Friday nights at 8 o'clock. This class is affording unusual opportunities to the boy who has to spend his hours during the day over a bench or in the factory.

Boy's Department.

Results from the membership campaign show that with old members the Association has nearly four hundred members in the Intermediate and Boys Departments.

With this increased membership there has been an increased interest in clubs. Considerable interest is being taken in the Dramatic Club. Mr. Fay a graduate of Yale University and teacher in the Newton High School is to have the direction of this club.

A Reading Club for Employed Boys is to be conducted by Mr. Brown from Texas. Mr. Brown is a graduate of Texas University and has had considerable experience in teaching literature. This club will meet Tuesday evening.

The first Bible Club meeting will be held Friday evening at 6.30 and the Ladies Auxiliary will furnish the supper. This meeting will be for Intermediates only.

The Social Committee has plans for Saturday evening, entertainments, lectures. The programs will be varied and will be made to interest everyone.

Everybody interested in lighting their homes should visit the Show Rooms of McKenny & Waterbury Co., 181 Franklin St., corner Congress, and see the remarkable display of Electric, Gas and Oil Table and Floor Lamps, and the variety of Lace, Glass and Metal Shades, to meet all decorations. Over four hundred styles to select from at prices unequalled for goods of merit.

HOMEWARD BOUND.

The Massachusetts Nautical Training Ship RANGER, Comdr. Chas. N. Atwater, U. S. N. is now flying the homeward bound pennant. The ship left Funchal, Madeira on Sept. 23, arrived at Bermuda on Oct. 15, and is expected to arrive in Boston about Oct. 25. Since leaving Boston on June 3rd, on the sixteenth annual foreign cruise, the ship has sailed 10,500 miles and has visited the following ports: Horta Azores; Southampton, England; Leith, Scotland; Amsterdam, Holland; Cherbourg, France; Queenstown, Ireland; Gibraltar; Funchal, Madeira and Hamilton, Bermuda. In the opportunities afforded the cadets for the observation of European docks and shipping, and in becoming familiar with some of the greatest commercial ports of the world, the cruise of 1911 has been an exceptional one. Never before has the annual cruise included so many of the largest sea ports of northern Europe, and the opportunity the cadets had for gaining valuable knowledge in the line of their profession is one of a life time.

The Nautical Training School was established in 1891 for the purpose of educating young men of Massachusetts, who desire to enter upon a seafaring career, for service as officers in the American merchant marine. Recent appointments received by graduates of the school are: Carl E. A. Anderson, Roslindale, who was graduated in the class of 1898, Captain of the steamship Nebraska, 4,408 tons, of the American-Hawaiian line, Alvin W. Haynes, Somerville, class of 1896, Captain of the steamship Allianca, 3,905 tons, of the Panama Railroad Steamship Company; Frank B. Davis, Dorchester, class of 1899, chief engineer of the steamship Olivette; Walter J. Healey, Worcester, 1st officer S. S. Zulia, 1,715 tons, Red D. Line; Edward C. Roberts, Beverly, class of 1904, First Lieutenant, Coast Guard Service (Philippine Revenue Cutter Service) Manilla.

Seafaring is a most honorable and worthy vocation, one that calls for man's highest and best endeavors. The men of the sea have contributed largely to the progress and advancement of the world's civilization; in the promotion of the world's commerce they have been an indispensable factor; and in the work of exploration, in discovery and in scientific research they have taken a conspicuous part.

The record of the American sailor in connection with the history of our own nation is a brilliant one; his work in the Revolutionary war, the war of 1812, the Civil war and the Spanish-American war is a glorious heritage. The American sailor has from Colonial days been noted for his skill, courage and versatility. We are justly proud of the great progress the nation has made in manufactures, in agriculture, in invention, in education and in other lines of human endeavor, but we are equally proud of the valor and achievements of our men of the sea.

With an extended coast line and with many of the finest bays, harbors and rivers, Massachusetts has always been interested in everything pertaining to the sea. The state has furnished a large percent of men to man and officer American merchant and naval vessels. It is hoped that the splendid achievements of American seamen in the past may have their counterpart in future years, and that sons of Massachusetts, with an inherited aptitude for the sea, may have a leading and prominent part in such work.

Tremont Theatre—The New York success, "Madame Sherry", from which emanated that tuneful melody, "Every Little Movement Has a Meaning of Its Own", which it is said has been sung around the world, came to the Tremont last Monday night, its first appearance in Boston. It was received by an audience that taxed the capacity of the theatre and whose enthusiasm for the artists and the performance knew no bounds. A press agent once said that "Madame Sherry" was an overwhelming success, and for once the press agent was a truthful man. It is a success. It was a success at the New Amsterdam Theatre in New York, where it ran for weeks and weeks, and last Monday night it was a success from the minute that the curtain went up, for no more beautiful musical comedy has graced the stage of the Tremont in many months. Everyone knows and has sung or whistled "Every Little Movement Has a Meaning of Its Own" but to appreciate the true lovliness that is hidden behind the words one must hear that wonderful little prima donna, Lina Abarbanell, as she floats across the stage singing that melody with rare beauty.
